

'Bring Back Those Good Old Days ...'

Not a bit boresome was the Borestone Foursome quartet, pictured striking up a barbershop-style melody in the 1940s.

From left to right are Gene Nelson, Milton Allen, Edward Werner and George Schumacher. In front is Mrs. Isabel Schmidt, accompanist.

The picture—one which the Press-Record reviewed in preparing its Granite City Diamond Jubilee issue to be published next Monday, Aug. 16—brought to mind a former city song, titled "Granite City," which the Borestone Foursome sometimes sang. Its tune was that of a song called "Kansas City."

Thanks to drainage and ecological-environmental progress, the words are not appropriate. But old-timers and newer Granite Cityans may enjoy reading the song and imagining how it sounded when rendered by Granite City's most famous musical foursome.

It went like this:

Granite City — my home town —
The best place in the land.
Where everything is up to date
And you'll say it's grand.
When the moon comes over in the sky
The stars shine safely down.
Oh gee, it's great to live in Granite City
And it's my home town.

WEATHER OUTLOOK

Considerable sunshine and
warm today, with high 85 to
90. Low tonight 65 to 70.
Warmer Friday with high in
the 90s. Continued warm Sun-
day.

Have you been downtown
When the rain comes down
Or out at Wilson Park?
You'll wish you had a swimming suit
Or maybe Noah's Ark.
I will bet that you'll get wet
And maybe almost drowned.
But gee, it's great to live in Granite City
At least that's what they say.
I'll bet that you'll get wet
And maybe almost drowned.
But gee, it's great to live in Granite City
At least that's what they say.

They say there's cash in the flying ash
And the smell of Nescafe.
You won't be hurt by the flying dirt—
At least that's what they say.
The smell of corn in the early morn'
Turns your stomach upside down.
But gee, it's great to live in Granite City
And it's my home town.

The girls are pretty in Granite City.
The sky is blue above.
The birds sing and everything
And you'll say it's grand.
I've been east and I've been west
And I've been all around.
But gee, it's great to live in Granite City
And it's my home town.

GRANITE CITY, ILLINOIS, THURSDAY, AUGUST 12, 1971

State Okays GC Urban Road Aid

By HARRY BARNES

Press-Record Staff Writer

Granite City has been approved by the Illinois Division of Highways as part of the Federal-Aid Urban Highway System, a program in which the city would receive 50% federal financing for improvement of certain arterial streets set up as motor fuel tax projects.

Mayor Donald Partney disclosed this week.

Designation of Granite City as part of the urban system, along with three proposed projects to initiate the program, has been referred by the state highway department to the U. S. Department of Transportation at Washington, D. C., which must give final approval to acceptance of the city in the urban aid system.

Mayor Partney said that while notice of federal approval of the Granite City designation has not yet been received, recommendation by the state highway department of areas chosen for federal-aid urban participation virtually assures federal concurrence.

Participation in the Federal-Aid Urban System, which implements the Federal Aid Highway Act of 1970, provides 50% federal grants for street improvement projects selected by the city and the highway division, subject to approval by the federal transportation bureau.

50% Federal Aid
"This means that we (the city) will save half of our motor fuel tax funds in financing major street improvements acceptable to the state as projects complying with terms of the urban aid program," the mayor said.

He explained that the city-state cooperation in the street projects does not mean additional motor fuel tax allotments, but the fact that the projects will cost the city only half of the full construction cost of improvement.

Improvements serves to that end.

The mayor said he has been working for several months to convince state highway officials that Granite City should be included in the Illinois metropolitan "urban area" which formerly encompassed East St. Louis, but did not extend into the Quad-Cities.

In agreeing to certify Granite City as eligible for participation in the program, the state accepted three proposed street improvements as initial projects. A program of proposed improvement serves to that end.

Five Injured In Route 162 Crash

Five persons were injured when the auto of Melvin Pryor, 18, of 904 Franklin St., Madison, collided head-on with a pickup truck driven by Raymond Adamick, 46, of Collinsville, on Route 162 at Lake Drive at 8:30 p.m. Tuesday.

Madison County Sheriff's deputies said Pryor's auto was the fourth in a line of eastbound cars waiting for another auto to turn left onto Lake Drive. Deputies said Pryor pulled into the westbound lane to pass and collided with the westbound pickup truck head-on. Pryor was issued a ticket for improper lane usage.

The injured were taken to St. Elizabeth Hospital by ambulance where Pryor and a passenger in his auto, Victor Davis, 17, of 53 Lee Wright Homes, Madison, were examined and released. Another passenger, Ardel Chatman, 20, of 809 Jefferson St., Madison, was admitted following chest X-rays.

Adamick and his wife, Mrs. Marie Adamick, 37, were admitted following examination and X-rays. He suffered chest injuries and she sustained a laceration to her face.

BOUND FOR EUROPE. Local Girl Scouts and adults are shown as they left the council office Tuesday for a "mobile caravan" tour overseas. Kneeling left to right, are Diane Parfitt, Phyllis Barnes and Nancy Hodge. Standing in front row, from left, are Vicki Yetter, Arline Brinkmeyer, Ruth McCarthy, Virginia Marlette and Linda Oram. In the back row are Doris Votaw, Peggy Mangan, Mary McCarty and Phyllis Brusatti.

Fund Division Leaders Named

Eight divisional leaders who will spearhead the Tri-Cities Area United Fund Drive were announced last night by Lyle F. Gulley, campaign chairman.

In making the announcement of the team leadership for the drive, which is now being organized, Mr. Gulley said: "This is our drive—yours and mine—everyone who has a vital stake in the Tri-Cities area. We must make it work. The

Girl Scouts Depart for Overseas

Forty-three Senior Girl Scouts and adults left Tuesday morning from the River Bluffs Girl Scout Council office in Edwardsville for a three-week mobile caravan tour of Europe. Word was received Wednesday morning that the scouts had reached their seven mobile campers in Amsterdam, Netherlands. They remained overnight there and left today for Brussels, Belgium.

Each one of the scouts took a souvenir symbolic of the scouting program in the United States to exchange with foreign scouts.

The adults received articles from local businessmen to distribute throughout the countries they will visit on their good will tour.

Judge to Be Chosen; Gitchoff Has Applied

John C. Gitchoff, a corporation counsel for the city of Madison and a Democrat, is the only formal applicant for the position of circuit judge vacated by the retirement of Judge I. H. Streeter. The decision will be made by the Illinois Supreme Court, which is composed of four Democrats and three Republicans.

"We will act to fill the vacancies in all the circuit courts around the state but I doubt that we can do that by September," Chief Justice Robert Underwood said Tuesday. A heavy Madison County Circuit Court docket is scheduled for Sept. 13. Gitchoff has submitted a resume of his qualifications and also recommended judges and attorneys. Whoever is appointed to the vacancy is to serve until December 1972 and the office will be on the November 1972 ballot.

Two More Tabulations
Votes will be tabulated on two remaining dates: Monday, Aug. 16 and Wednesday, Aug. 18, for the young hopefuls who have competed in the community-wide contest.

Tax Spiral Threatens Retention of Industry

The local property tax explosion—up over 1,000% during the 1960s, living cost rise since 1946—will be brought under control in one of the other of two ways, it was predicted Tuesday by William F. Hoelscher, secretary-treasurer of the Tri-Cities Taxpayers Public Expenditures Survey Group.

Addressing Granite City Rotarians, he said the spiral will be ended by the citizen action of those interested in retaining industry, or by conversion of the Quad-Cities to a "bedroom community," which would limit the amount of available revenue. About half of local taxes

are paid by industries at present, he said.

Hoelscher, who also is manager of the Manufacturers Association of the Tri-Cities, stressed five beliefs.

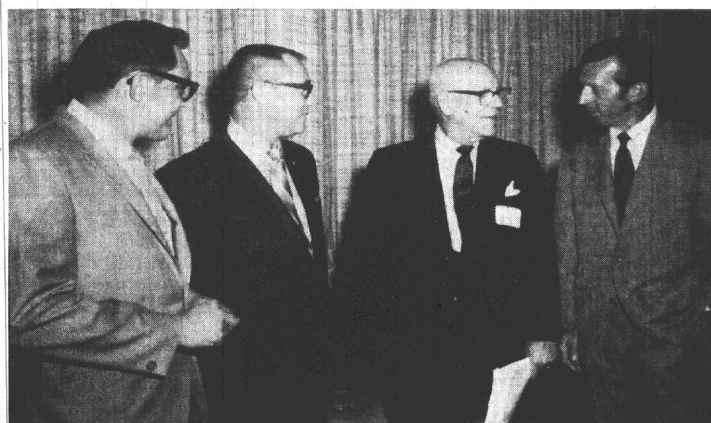

Efficiency Essential
"1. The key to all tax problems is to reduce public expenditures relative to the results of such expenditures. In other words, make every tax dollar count—not an attitude of 'plunk the most feathers with the least amount of squawking.'"

"2. Effort locally or at the state legislative level to ignore efficiency in the expenditure of tax funds and to shift the tax burden from individuals to corporations is doomed to failure. Companies which operate nationally have no choice but to thwart such a shift by limiting or moving their local production."

"3. The new Illinois Constitution offers a new set of local solutions. Most of these solutions local residents are not going to like — unless they more actively control local public expenditures."

Effect of 'Seed' Grants
"4. Neither state nor federal 'revenue sharing' is likely to remove the ultimate tax burden from local shoulders. The main support for sharing is by those who favor restricted grants, rather than 'seed money' which spawns new programs destined to be locally financed."

"5. A local coordinating body such as the Tri-Cities Taxpayers Association (Continued on page 4, col. 5)

CAMPAIGN STRATEGY. Leaders in this fall's \$410,000 Tri-City Area United Fund drive to support 19 health-welfare-youth agencies confer with general campaign chairman, Lyle F. Gulley, Granite City Steel president, second from right. In the group from left are Halden Ralls, Illinois Power

Co., a Utilities Division leader; Ed Boyer, a GCS millwright, chairman Industrial Employees Division; Gulley; and M. B. Milonski, assistant works manager, American Steel Foundries, chairman of the Industrial Firms Division.

Miss Jubilee Contest Is Nearing Countdown

The contest will close at 5 p.m. Wednesday, Aug. 18. No votes will be accepted after that time. All votes must be turned in at Jubilee Headquarters by 5 p.m. None may be mailed for the final turn, but must be presented in person.

The five top winners will be announced Thursday, Aug. 19, but their official standings will not be known until the first presentation of the "Proletas in Progress" pageant at 8:45 p.m. Monday, Aug. 23, when "The Little Miss Jubilee" will be named. The remaining top four contestants will serve as the queen's court of honor.

Escorting the young ladies at the nightly pageants and other events of the Granite City Diamond Jubilee will be Wally Chaboud, Greg Hill, Jeff Sherman, Juan Jose Ortiz and George Conner Gavin.

Guests at Ball
Those who finish in the top five places will be presented at the Diamond Jubilee Ball to be held at the Wilson Park pavilion Saturday, Aug. 21 at 8 p.m. Enthusiasm for the city celebration has inspired merchants, business firms and individuals to contribute prizes or services to the "Little Miss Jubilee" queen contest. All prizes are on

Animal Protective Group Offers Reward To Convict Dog, Cat Abusers; Thieves

By VALERIE EVENEDEN
Press-Record Staff Writer

Try to explain to a sobbing 8-year-old how her pet collie could disappear forever without a trace. Or, to an equally distraught senior citizen why his closest friend of 10 years—a slightly bedraggled-looking cat—is beaten to death by a sadistic youth.

Or, just live in a neighborhood where a ground glass poisoner has been active and you will understand why animal lovers are ready to try a new approach to uncover and eliminate such incidents.

The Quad-Cities' newly-chartered Association for the Protection of Animals, Inc. (APA), this week established a permanent reward for information leading to the arrest and conviction of persons poisoning or torturing animals or stealing animals for sale to dog dealers or experimental laboratories.

Mrs. Judith Johnson, president of the local APA chapter, said that poisoning, torturing and stealing animals for resale constitute violations of state statutes governing cruelty to animals.

The statutes provide penalties including fines and/or imprisonment, she noted, adding that a federal law also prohibits transportation of stolen animals across state lines.

Any Quad-City resident witnessing an act of cruelty to an animal, having knowledge of persons poisoning an animal or stealing pets for resale to dealers or laboratories is being urged to immediately contact the APA, at 877-4594.

Report Cruel Acts
For many reasons people may be reluctant to report incidents involving cruelty to an animal, Mrs. Johnson said.

"To the best of our ability, we will keep an informant's name from disclosure," the APA president stated. She noted, however, that information necessary to successfully prosecute a case probably would require the person witnessing an incident to give testimony.

"We are hopeful that by offering this permanent reward, it will serve as a deterrent to individuals who are capable of torturing, poisoning and similar vicious acts," the association president stressed.

"We also want everyone to become aware that the APA will sign a complaint without hesitation and press for a conviction with every means at our disposal," Mrs. Johnson stated.

The local APA officials are not proceeding without benefit of professional and legal advice in their plans to expose and prosecute those responsible for inhumane treatment to animals and others who steal greatly-loved pets for the thief's own personal gain.

Two directors on the animal protective group's governing board—Attorney Gilbert Rosch and Dr. Leland H. Holt of the Bellemore Animal Hospital—are well-qualified to counsel the members on actions contemplated by the organization.

"Both men have offered tremendous support and assistance in organizing the new association and in formulating a program of action at the local level," Mrs. Betty King, APA chapter treasurer, commented.

Local officers working with Mrs. Johnson and Mrs. King, include Mrs. Ruby Arnette, vice president; and Mrs. Mary Kay Walker, secretary.

Serving on the board of directors with Attorney Rosch and Dr. Holt are Leonard Davis, local funeral home director; Robert Hocking, a representative for Hancock Life Insurance Co.; Henry "Hank" Skinner, manager of Supreme Appliance store, 2108 Johnson Road; and Mrs. Vickie Skinner.

Dog Stealing Ring
For some time the APA chapter has considered offering a reward for information relating to cruel acts and theft, Mrs. Johnson said.

"We have received complaints with increasing frequency from people who have lost dogs. Too many 'lost' dogs are good, registered animals who just disappear," she reported.

"Obviously, they have not been killed by autos on the highway as their bodies are

never found and most are not the type of animal to run away from comfortable homes," she explained.

The association officer said that in the past few weeks, in one specific neighborhood near Johnson Road, a black Labrador retriever, a poodle and a collie have vanished without a trace.

Sold Out-of-State
Registered animals usually are transported across state lines and sold to unscrupulous dog dealers, she said. The average mixed-breed dog, regarded with equal affection by its owner as any champion canine, generally is sold to an experimental laboratory, Mrs. Johnson advised.

Last week, Mrs. Johnson found her tom-cat beaten to death near her home. "He was a harmless animal who seldom strayed from the yard," she said sadly, obviously still shaken by memories of the vicious incident.

The beating death of her own pet gave added impetus to the association's decision to start offering a reward immediately, it was learned.

Fines, Imprisonment
State laws concerning cruelty to animals provide penalties of a fine not to exceed \$200 upon conviction and covers torturing, tormenting mutilating or cruelly killing any animal, or causing or knowingly allowing the same to be done.

The same penalty can be evoked against persons convicted of "overdriving, overloading and overworking animals; by cruelly working any old,

maimed, injured or sick animal; by failing to provide any animal in his care or custody, as owner or otherwise, with proper food, drink and shelter."

Provisions also cover abandoning "any old, maimed, injured, sick or disabled animal" or by abandoning any animal on any highway or public way or in any other place where they may suffer injury, hunger or exposure or become a public charge.

Poisoning Laws Severe
Under the same statute, Attorney Rosch explained, persons convicted of poisoning dogs or other domestic animals may be fined not to exceed \$100 or imprisoned in a penal institution other than the penitentiary not to exceed 60 days, or both.

Under conviction of a second or subsequent offense shall be fined not to exceed \$500 or imprisoned in a penal institution not to exceed 180 days, or both.

Special regulations and statutes with harsher penalties govern transportation of animals to be used for experimentation or research purposes without proper documentation and certificates, the attorney noted.

"We sincerely hope the public will cooperate with us in our efforts to uncover and prosecute those responsible for cruel and inhumane treatment of animals."

"We also intend to focus attention on persons who steal and dispose of pets, bringing heartbreak to the families which have reared them and love them," Mrs. Johnson stated.

Strikes Parked Auto, Three Persons Injured
Three persons were injured when the auto of Grace M. Foley, 52, of 447 Lincoln Ave., Venice, struck the parked car of Barkley E. Bailey, 17, of 223 Hill St., Eagle Park Acres, in the 500 block of State Street in Madison at 1:05 p.m. Tuesday.

Bailey and Fannie Jackson, 62, of 225 Hill St., Eagle Park Acres, were sitting in the auto when it was struck. Both complained of pain but declined hospital treatment, police said. Mrs. Foley also was injured but declined treatment. Her daughter, Lisa Foley, 9, a passenger in her auto, escaped injury.

Daughter Born to Mr. and Mrs. Bess
Mr. and Mrs. David Bess, 3801 Lake Drive, are announcing the birth of a daughter Saturday at Belleville Memorial Hospital. The new arrival weighed eight pounds, six ounces and has been named Christine Marie.

The grandparents are Mr. and Mrs. John Zimmer, 1501 Cottage Ave., Willard Bess of Venice, and Mrs. Edith Warner of Northridge, Calif.

Charge Substituted
A theft charge against David Dickens of Granite City, who had been arrested in connection with a grenade simulator owned by the U. S. government, was dropped in Granite City court Tuesday and was substituted by a charge of unlawful use of weapon. Dickens pleaded innocent to the second charge. He was taken to the Madison County Jail in lieu of \$5,000 bond.

Canal Freight on Rise During July

Freight Shipments through the Chain of Rocks Locks and Canal during July totaled 4,794,240 tons, or 53,181 tons more than in June when shipments of 4,741,059 tons were shipped, the U.S. Corps of Engineers reported yesterday.

The July shipments showed a slight decrease from July 1970 when 4,794,240 tons of freight were shipped through the canal. Tonnage for the year also is behind last year's total for the first seven months, with 27,221,178 tons shipped this year and 28,088,302 tons reported through July 1970.

The total July tonnage, 4,794,240 tons, was commercial freight and 350 tons were government freight.

The monthly report showed an increase in the number of boats passing through the locks last month, with 6,253 vessels

locked in July as compared to 6,027 vessels in June. All types of commercial craft and government construction and patrol boats showed increases in the two months while government, tow boats decreased from six to four. But U.S. barges decreased from 16 in June to six in July.

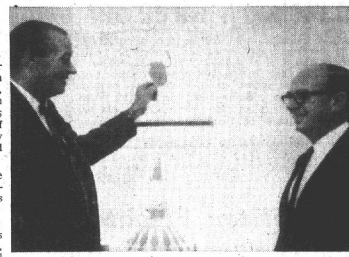

Commercial barges increased from 4,799 in June to 4,844 in July, while tow boats increased from 937 to 989. Passenger boats increased from none to three, private recreation boats went from 250 to 386, government patrol boats increased from 14 to 20 and U.S. construction boats increased from none to one.

A total of 35,576 vessels have passed through the locks this far this year, compared with 37,198 during the first seven months of 1970.

The report showed 1,166 lockages in July, an increase over the previous month in which 1,103 lockages were reported, and over July 1970 in which lockages totaled 1,128. Lockages for the first seven months of the year total 6,432, slightly above the 6,384 reported through July 1970.

Total commercial tonnage moving upriver in July was 2,300,237 tons and 2,438,950 tons moved downriver.

Freight shipments included: petroleum products, 518,640 tons upriver, 167 downriver; grain, 43,900 up, 1,841,350 down; coal, 826,650 up, 7,900 down; cement, sand and gravel, 23,600 up, 52,800 down; sulphur, none up, none down; miscellaneous commodities, 565,880 up, 76,400 down; iron and steel products, 32,800 up, 195,050 down, and chemicals, 288,762 up, 67,400 down.

Assaulted in Tavern

Ebel Taylor, of 34 Lee Wright Homes, Madison, told police Tuesday that she was assaulted by a man in a Madison tavern at 12:20 a.m. Saturday. She said the man grabbed her while she was talking on a telephone, struck her on the face with his hands and dragged her from the tavern into the street. She suffered minor head injuries and a bruise to her upper right leg.

84% of County's Idle Funds Under Investment

Madison County Treasurer George Musso has invested 84% of the total available county funds in 90-day U.S. Treasury bills and 90-day to 180-day deposits in savings and loan associations, it was announced this week.

The investment program was recommended by the Finance Committee of the Madison County Board of Supervisors, headed by Nelson Hageman of Granite City, and County Auditor John Kravynak.

It is the highest percentage of temporary idle funds that has been achieved since the start of the investment program in 1962. Kravynak said. Yields from U.S. Treasury 90-day bills approximate 4 1/2% from early investments made in April 1971 and 5 1/2% from May 1971 through June 1971. The current yield on treasury bills shows about 5 1/2% with the expectancy of an increase in subsequent investments of this type, Kravynak said, because the money market is improving and the prime interest rate increases.

Yields on savings and loan association investments show 5 1/2% interest based on 90 to 180-day deposits.

As of June 30, 1971, a total of \$4,519,731 is invested in U.S. Treasury bills and \$144,100 in savings and loans, for a total of \$4,663,831 out of a total of \$5,524,983 in temporary idle funds or fund balances in various operations.

The interest yield as projected from the investments totals \$32,065 at maturity.

The 84% invested from available funds on a 90-day basis leaves a safe balance in all funds for meeting current obligations, Kravynak said. Since the fund balances fluctuate each month and the flow of cash is uneven each month, the investment programs can be improved or slowed down, Kravynak said, adding that at this time, the 84% invested is "remarkably high," and considering the placing of that much money under investment, a very good showing.

The savings and loan deposits were made in 17 financial institutions in the county in amounts ranging from \$2,000 to \$10,000. Included were \$5,000 deposits in State Loan & Savings, Madison County Federal Savings and First Granite City Savings & Loan Associations of Granite City.

DeMolays to Enter Miss Lewis in Contest

The James Stuart chapter, Order of DeMolay, is entering Miss Denise Ann Lewis, chapter sweetheart, in the Illinois DeMolay Sweetheart pageant to be held at the 43rd annual convalesce Friday through Sunday at Peoria.

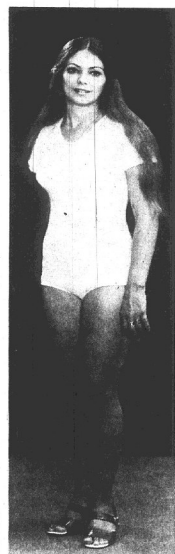

Accompanying her as chaperone will be her mother, Mrs. Mrs. Audrey Lewis. The crowning will be held at a grand ball Saturday night. Miss Lewis also was the 1971 May Queen of Granite City High School.

Twenty-nine DeMolays and several advisors from the chapter will attend. Being the 50th anniversary of DeMolay in Illinois, the theme will be "Golden Year of Achievement." The local chapter is the first in Illinois and 88th in the world.

It also is the largest in Illinois and 17th in the international order.

On Saturday morning, following the State master council's breakfast, Charles E. Hileman Jr., of the local chapter will be installed as state master councilor.

Two past state master councilors from the local chapter, R. Gilbert Watson and Irvin C. Slate Jr., will serve on the installing team.

Car Strikes Madison Girl, Then Hits House

A 9-year-old Madison girl was injured when she ran from behind a truck and was struck by a car in the 1900 block of Edwardsville Road at 3:15 p.m. Tuesday. The auto, swerving in an attempt to miss the girl, went out of control and struck a house.

Marilyn Rogers, the daughter of Mrs. Joyce Rogers, 1101 Reynolds St., suffered contusions to her knees, elbows and back and was admitted to St. Elizabeth Hospital in fair condition.

The driver of the auto, Ernest Chaney Jr., East St. Louis, escaped injury. He told police the girl darted from behind a truck and struck the car.

She was thrown from the

Airport Site Hearings to Open Monday; Three Set

Public hearings on the proposed \$350-million St. Louis Metropolitan Area Airport, to be located near Waterloo, Ill., will open at 7 p.m. Monday at Waterloo High School with Kenneth F. Kelly, hearing officer and a Granite City attorney, attempting to "let everyone who wants have his say."

The session will be the first of three scheduled hearings in which citizens are invited to let their feelings be known about the proposed airport.

The second session will open

Tuesday at 7 p.m. at the Belle-Claire Exposition Building in Belleville and a third session is set Monday, Aug. 23, in the Southern Illinois University-East St. Louis Center in East St. Louis.

In a hearing notice issued by Robert B. Lankin, airport authority chairman, it is pointed out that all interested persons, groups and agencies will be afforded an opportunity for public consideration of the economic, social and environmental effects of the airport location and its consistency with the goals and objectives of existing urban planning for the community.

Executive Director Arven H. Saunders commented that "sufficient sessions will be held to allow everyone an opportunity to speak his mind." Saunders indicated that if the three sessions are not enough, more will be added. He said the sessions will not continue into the

early morning hours but will be held "at reasonable times, for people who would like to testify."

Saunders has defended the Illinois site against possible sites in Missouri, commenting, "the facts are on our side—we have the superior location here in Illinois."

This week he told the environmental task force of the East-West Gateway Coordinating Council that restricting

general aviation at Lambert Field in St. Louis would not be an answer to that facility's overcrowding.

He said that the removal of 60% of private air traffic from the airport would be a "useful use of Lambert field to 1982 rather than 1980. Commenting that the new airport will take 10 years to build, Saunders has said, "In airport terms, 1980 is here."

Sr. Citizen Volunteers Ready Pageant Costumes

Volunteers from two local senior citizen's groups are providing key assistance in preparing for the community's "Jubilee Pageant," to be staged in Wilson Park, Monday through Saturday, Aug. 23-Aug. 28, it was learned this week.

Robert McCrary, pageant di-

rector, said members of the Anchorage Senior Citizens and the Golden Agers of Kirkpatrick Avenue are serving as the pageant's costume and wardrobe committee.

"Unpacking and cataloging numerous costumes, shipped here for the week-long spectacular was started last evening by the senior citizens at the Wilson Park rink pavilion," McCrary said.

Each costume had to be checked and a receipt made before distribution to members of the pageant cast, he said. Persons appearing in the historical presentation will continue to pick up their costumes tomorrow night, McCrary noted.

Those aiding pageant officials include—Anchorage Senior Citizens—Mrs. Georgia Butler, Garvin Butler, Mrs. Caroline Weber, Mrs. Nora Stalling, Mrs. Sarah Oglesby, Miss Lillian Backs, Mrs. Carmen Allen, Mrs. Roxie Saddler, Mrs. Minnie Schmitt, Mrs. Alva Schmitt, Mrs. Anna Byland, Mrs. Edna Hoffman, Mrs. Verlin Verlin.

Kirkpatrick Golden Agers helping are Lee McClew, Mrs. Ruby Corbett, Mrs. Lillian Corbett, Mrs. Effie Johnson, Mrs. Caroline Lux, Mrs. Mae Wetzel, Edgar Padlock, Robert Hurrell, Mrs. Nancy Hurrell, Mrs. Peggy Gibbons, Mrs. Eva Durham, Mrs. Ellen Christy, Mrs. Ruth Purkey and Mrs. Eva Goodwin.

Higher Education Meeting Slated Here Sept. 23

Higher education prospects, including the possible need for a direct action by Quad-Cityans to assure adequate facilities, were reviewed Tuesday night by the Quad-City Board of Commerce and representatives of the Education Committee of You-Need-for-Action. A special meeting on the subject is to be held Sept. 28.

Participating in the report were Avery Schermer, George Moore Sr., William Gushoff and George Amlich, Chamber President Albert H. Froelich presided at the board's dinner meeting at Sunset Hill Holiday Inn.

Efforts are being made to develop periodic teacher-parent question-answer meetings in local school systems, another report showed.

Melvin Wilmmsmeyer, Chamber Airport Committee chairman, urged attendance at the annual airport hearings, Aug. 16 at Waterloo, Aug. 17 at Belleville and Aug. 23 at East St. Louis.

Plans were made to attend a U. S. Chamber of Commerce "aircade" legislative meeting Nov. 3 in St. Louis and to conduct a drive among past members in September, with John Bellotti as campaign chairman.

Reports were given by Dr. Albert T. Tripp, treasurer, and Edward Kellogg, executive manager. Carl E. Mathias discussed the United Fund "fun fair" Oct. 3-5.

Final Promenade, Kourt Action Set Friday Night

Citizens not wearing a Jubilee participation button are liable to find themselves "up" before Associate Circuit Judge Merlin Hiscott when the final "Friday Night Promenade" takes place in downtown Granite City tomorrow evening.

Judge Hiscott has agreed to replace Judge William Johnson who has been presiding over quasi-judicial proceedings at the official Diamond Jubilee "Kangaroo Court" the past three weeks. Mrs. Marge Hall, a Jubilee Belle official, announced today.

"Culprits arrested by the Key-stone Kourt Kops for failing to wear the 'Station Three' Jubilee badge or button will find the new judge 'no push-over,'" Mrs. Hall noted, adding that Judge Hiscott has promised to render decisions appropriate to the crime and sentence offenders to the "Kourt jail" with complete impartiality.

Humorous incidents the past three Friday nights have attracted moderate-size crowds to view proceedings at the "Kangaroo Court," to be located again near Civic Park in the 1900 block of Niedringhaus Avenue. A special "Granny Court" will

708 Board Defers

Action on Program

The Madison County Mental Health (708) Board deferred action Tuesday night on a proposed \$87,000 program for training county school counselors in mental health consultation skills.

The board was scheduled to act on a fund of \$20,000 as its share of the cost. The school districts are to provide \$27,000 and the remaining \$40,000 would be donated by the state and county mental health organizations.

Dr. Robert R. Newsome, consulting psychologist to the Mental Health Clinic, Quad-Cities Center, told the board that if the proposed program is to become a reality, a decision will need to be made at the next 708 board meeting.

Father of Mrs. Charles

Edwards Dies; Salesman

John D. "Duke" Jones, 72, Staunton, father of Mrs. Charles (Marilyn) Edwards of Granite City, died at 1:40 p.m. Tuesday at the Staunton Memorial Hospital. He was a retired salesman.

Paddlers swim team will hold its annual "Awards Banquet," at 7 p.m. today in the 300 Room of the Tri Mor Bowl, Mrs. Pat Jolly, president of the Paddlers Mothers' Club, has announced.

Jubilee Ball to Feature Special Events

Tickets for the "Jubilee Ball," set for 8 p.m. to midnight, Saturday, Aug. 21 at Wilson Park rink pavilion, are now on sale at a cost of \$5 per couple. Ted Ellerman, ball chairman, said today.

Advance tickets may be obtained at the Jubilee Headquarters, 1030 Edison Ave., Graham's Book Store, Delmar and Niedringhaus avenues, and the First Granite City National Bank, American National Bank and Granite City Trust and Savings Bank.

Other plans for the ball, announced today by Ellerman, include a "Little Monte Carlo Night" segment, staffed by Granite City Park District employees; and an open barbecue with wine, marshmallows and beverages furnished by the ball organizers.

The affair will open with a "grand march" led by Mayor Donald Partney and other dignitaries. On hand for the grand march will be Miss Granite City—Janice Alberts—and her court and top candidates in the Little Miss Jubilee contest, Ellerman said.

Ball patrons are encouraged to wear clothing contemporary to the 1920s. In the community's history, however, residents are urged to attend whether in costume or not, the chairman added.

Mrs. Ivy Mouser, 69, Dies; Ill 3 Years

Mrs. Ivy Mouser, 69, Box 7617 Rural Route 2, Granite City, mother of four Granite Cityans, was pronounced dead upon arrival at St. Elizabeth Hospital at 2:35 a.m. today. She had been ill three years.

Born in Hahn, Mo., Mrs. Mouser lived in Luttwahl, Mo. for several years prior to moving to Granite City seven years ago.

Her husband, Robert Mouser, died in 1962.

Survivors include five sons, Lloyd Mouser, Arnold Mouser and Kelly Mouser, all of Granite City; Birdell Mouser of Missouri; one daughter, Mrs. Melba Beasley of Granite City; a sister, Mrs. Lashell Eaker of Malden, Mo.; one brother, Orville Shell of Danville, Ill.; 30 grandchildren and seven great-grandchildren.

Funeral arrangements are given in today's obituary column.

Wesley Grote, 62, Dies

Wesley Leslie Grote, 62, of 2701 Denver St., a retired Neis-Co. employee, died at 11:30 a.m. today at the Columbus Nursing Home. He had been ill since April and entered the nursing home one week ago. Arrangements are pending at Mercer Mortuary, 1418 Niedringhaus Ave. Friends may call 876-4321 for details.

MORE ABOUT Tax Spiral

Public Expenditures Survey Group—if properly supported by the business community, organized labor, the professions and citizenry—can not only explore the possibilities for controlling local tax expenditures and possibly succeed.

Hoelscher said the control which is sought is not to prevent needed spending but to keep the level competitive with other communities.

He forecast a \$6-plus overall tax rate here next year, compared to \$4 several years ago, and cited plant closings, staff reductions and financial losses. A \$6 rate involves a 3% levy on all investments and production, he noted.

Consumers Require Producers "A big part of the squeeze on Americans—separating goods from the issue of whether or not goods are being produced by someone—seems destined to be an impossible high welfare costs and insufficient incentives to work, Hoelscher commented.

He was introduced by Howard Schuenke, Rotary President Albert H. Froelich presided.

Legion Plans Part in Benefit Barbecue

Plans for conducting the Aug. 21-22 barbecue at the State Park, Thomas Hooks, Venice youth who was critically injured in a June 4 diving accident at Washington, D.C., were discussed during a meeting of American Legion Post 113 at the Legion home Tuesday night. The Legion home will be one of locations of the barbecue.

Legion members also voted to conduct bingo games on Monday night in a program to be initiated this fall after the new state law permitting such games becomes effective Oct. 1.

Two new members, Al Presley and Gene Presley were welcomed as new members of the post.

Post members announced they will observe Granite City's 75th Anniversary program by opening its clubrooms to the public every weekend to conduct an old-fashioned sing-along.

A public installation of officers will be held Saturday.

U.S. Grant Approval for GC Air Board Expected

Special Education Children Learn to Swim at Paddlers

Classen maintained local enforcement units were eligible for federal grants only if they maintained "fulltime enforcement" status. The Granite City board held that because of limited local funds a fulltime staff could not be hired without federal help. The impasse persisted until the end of this month, members of the local clean air board were told in a meeting Monday night.

The prediction was made by Theodore "Ted" Macios, acting technical secretary of the Granite City air board, in a report on a meeting he attended in Springfield with representatives of the federal and Illinois Environmental Protection Agencies concerning the city's long-standing application for an initial grant of \$26,000.

Macios said a new "understanding" of cooperation between the Granite City control board and state representatives of the Illinois EPA and Illinois Pollution Control Board has developed since reorganization of the Illinois environmental control program and that "I am certain we can expect approval of a federal grant by the end of August."

Dr. John Roberts, air pollution control director of the EPA, presided at the Springfield meeting in which Macios said he was told that the federal EPA has made it clear that any grants will be predicated upon complete cooperation between state and local control units for compliance with an implementation plan.

Points of Plan
This plan, Macios said, involves primarily (1) adoption of ambient air quality standards; (2) Establishment of specific emission standards; (3) Achieving certain air quality standards by state and local units in enforcement efforts, Macios said.

Since there is no conflict on these points between the Granite City board and state control officials, there is "every reason to believe that approval of the grant can come this month," Macios added.

The Granite City board has sought federal aid for the past three years, but such grants are unavailable unless the application is approved by the state agency. Prior to creation of the Environmental Protection Agency and Illinois Pollution Control Board which replaced the old State Air Pollution Control Board, Granite City had sought approval to procure such state approval due to a persistent conflict with C. W. Klassen, technical secretary of the old board.

Fire Damages Garage, Antiques, Furniture

Fire caused damage estimated at several thousand dollars to a garage at the home of Edward Laird, 2432 Pine St., at 10 p.m. yesterday. Long Lake volunteer firemen were on the scene 50 minutes.

The garage was used to store antiques and furniture, much of which was destroyed. Witnesses reported smoke from the fire could be seen from as far away as Ponton Road. The cause of the blaze has not been determined.

False Address Given

Sandra J. Harper, 21, arrested last weekend on a drug charge in Madison, does not live at 2007 Missouri Ave. as reported on police records, the occupants there advised.

Improvements Proposed
These projects submitted by the mayor and accepted by the state division of highways include:

Improvement of Niedringhaus Avenue from FA Route 151 (The Great River Road) to Madison Avenue.

Improvement of 20th Street from Nameoki Road to Missouri Avenue and down 20th Street to FA Route 151.

Pontoon Road from Nameoki Road to Maryville Road.

Funeral Services for Mother of GC Resident

Funeral services were held yesterday at the State Park Baptist Church for Mrs. Clea, N. Hill, 76, of 3128 Yale Ave., State Park Place, who died Sunday in the Pleasantview Sanitarium at Fairview Heights.

Survivors include three daughters, Mrs. Mahalia Kolahor of Granite City and Mrs. Eva Gibson and Mrs. Bonnie Hauke, both of State Park Place, two sons, Joseph W. Hill of Tacoma, Wash., and Jack Hill of State Park Place, and a brother, Hebert Cherry of Belleville.

Big Red Express buses will operate from the Nameoki Village Shopping Center again this football season, starting Monday.

More About Fund Division

secretary - treasurer of the Southern Illinois Building and Construction Trades Business Representatives Council, and A. O. Smith plant manager Paul H. Kelly, replacing Paul Kemp, Gulley is president of Granite City Steel Co.

Mr. Gulley said, "The institutions and organizations supported by the United Fund serve, either directly or indirectly, every man, woman or child in our community. We couldn't keep going without them. It's our fund, let's make it go."

Lists Division Leaders

The Division leaders are: W. B. Miloski, assistant world's manager, American Tool Foundries, heading the industrial firms division;

Ed Boyer, millwright at Granite City Steel Co. and R. O. Creeluis, personnel director for General Steel Industries, Inc., co-leaders for the industrial-employees' division;

Don Adams of Granite City Glass Co., and Dempsey Auto Body and Hard P. Fisher, vice chairman of the Board of First Granite City National Bank.

Ed Waltey, alderman from the West Granite area, to jointly head the commercial division;

Randall Robertson, attorney, to pilot the professional division;

Lawrence C. McCauley, principal of Granite City Senior High School, to lead the public service division;

C. E. Mathias, manager of Illinois Power Co. to head the residential;

Mayor Mike Sasyk, to lead the Madison division; and Dr. John E. Lee, a dentist and member of Venice, to head the division for that city.

Other Appointments
Also announced were the appointments of A. O. Smith Corporation accounting supervisor Carl Thornberry to agency coordination, and Tri-City Grocery Stores advertising director Al Barnes to supervise Tri-Cities Fund '72 publicity and promotion.

Chosen to head the combined federal campaign is Lieutenant Colonel John A. Hengel, deputy for St. Louis Area Support of the Headquarters and Installation Support. Activity (HISA).

"With the cooperation of the Tri-Cities people and our experienced and capable divisional leaders we will again share our resources to meet the needs of the Tri-City Community through the United Fund," Mr. Gulley said.

"The work of our United Fund drive will require special effort this year due to the loss of our coordinator David L. Norton, who died unexpectedly this past July. I know we will want to commemorate him with a successful effort."

To meet the needs of Tri-Cities people this year, a goal of \$100,000 has been set by the United Fund Board of Directors, which consists of representatives from every segment of the community.

More About State Okeys

Improvements customarily accompanies the application of a new area for inclusion in the highway aid plan.

Improvement of Niedringhaus Avenue from FA Route 151 (The Great River Road) to Madison Avenue.

Improvement of 20th Street from Nameoki Road to Missouri Avenue and down 20th Street to FA Route 151.

Pontoon Road from Nameoki Road to Maryville Road.

Mayor Patry said there are no cost estimates for these projects since none of them have been engineered as MFT projects.

By including the proposed improvement of Niedringhaus Avenue among the projects, the mayor said, he does not intend to forego efforts to have Niedringhaus declared a Federal aid route because of its connection with FA Route 151.

"If and when this can be accomplished the way will be clear to seek federal funds for construction of a grade separation, either as an overpass or underpass, at the railroad tracks on Niedringhaus Avenue."

Partney has considered the grade separation as one of the city's most needed traffic improvements for the last several years.

Chapple Defeats Keen In Cycle Race Tuesday

Charles Chapple of Flint, Mich., rode a Yamaha to victory in the weekly Tri-City Speedway motorcycle races Tuesday night as point leader Neal Keen of St. Louis finished second in a close feature.

Keen, returning from a 15-day American Motorcycle Association suspension, looked as though he was bound for victory after taking the fastest qualifying lap in 15.88 seconds, winning the first heat, his semi-feature and the trophy dash.

Robert E. Lee of Fort Worth, Tex., placed third in the feature followed by Dick Mann of Richmond, Ill. Mann gave Keen close competition in the first heat but finished second with Randy Schloeman of Belleville, Mo., third.

Chapple claimed victory in the second heat with Mike Anderson of Los Angeles, Calif., second and Dave Uiles of Chicago, a newcomer, third.

In the third heat, Lee passed Ed Gahwn of St. Louis and Paul Pressgrove of Topeka, Kan., for victory, and a newcomer, James Crenshaw surprised the 4,500 fans by defeating Ron Sisson of St. Louis in the non-qualifier heat.

Chapple settled for second to Keen in the trophy dash but was unwilling to do so in the feature. Chapple also was second to Lee in the first semi-feature with Mann finishing third. Keen stayed ahead of Anderson and Schloeman to win the second semi-feature to qualify for the final event. A total of 48 riders entered the program.

Many of the riders who race here weekly will compete in the fourth Gateway Motorcycle Classic for professional riders Sunday afternoon at the local track.

The classic is the largest half-mile cycle event in the metropolitan area this season and is expected to draw competitors from throughout the U. S. and Canada. Time trials will begin at 1 p.m. with racing slated for 2 p.m.

Gateway Cycle Classic To be Raceway Feature

Many of the top names in professional motorcycle racing will be on hand Sunday afternoon at the Tri-City Speedway for the fourth annual Gateway Motorcycle Classic for unlimited cycles on the half-mile clay oval.

The pack of national circuit riders is expected to include Gene Romero of Los Angeles, last year's grand national champion, and such other top riders as Charles Chapple of Flint, Mich., Don Beasley of Evansville, Ind., Dick Mann of Richmond, Calif., and Mike Anderson of Van Nuys, Calif.

Joining them will be St. Louis area cyclists, including the track point champion, Neil Keen. Others entered are Charles Seale, Ron Widman, Ron Sisson and Lewis Evans.

The program will consist of events in three classes—novice, junior and expert. The winner of the expert feature will be

awarded the Gateway Classic trophy and one of the largest winner's purses ever offered at the local track.

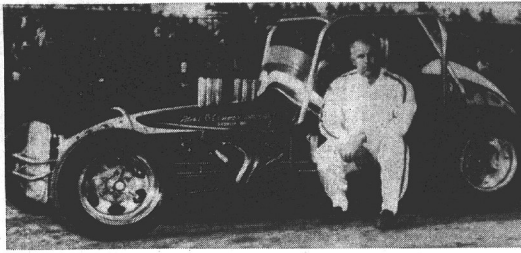

Time trials will begin at 1 p.m. with races slated for 2 p.m.

Softball Tourney Set in E. St. Louis

The East St. Louis Saints softball team will hold an invitational double elimination slow pitch tournament Sept. 3-6 and Sept. 11-12 at Saints park, 26th Street and St. Louis Avenue, East St. Louis.

The entry fee is \$40. Registration may be made by Aug. 29 by phoning Maurice Tweed, 271-4438, or Roy Mosely, 271-3883.

PICTURE FRAMES: CUSTOM MADE. GC GLASS, 1814 & EDISON

THE FLYING BLACKSMITH, Bill Utz of Sedalia, Mo., will be racing to retain his point lead in the super-sprint division at the Tri-City Speedway tomorrow night. Utz holds only a narrow margin over Bubby Jones of Danville, who held the lead one week. Utz was the track point champion last year and would like to repeat the feat.

Midgets, Sprints, Stocks to Race at Speedway Tomorrow

The mighty midgets, driven by top Illinois and Missouri drivers, will compete tomorrow night at the Tri-City Speedway in a triple-header event with super-sprints and late model stock cars.

Drivers expected in the midget division include Bert Wilson of Kirksville, the 1970 Missouri state midget champion; Larry Kirkpatrick of Wood River, a former U.S. Auto Club driver; Ronnie Taylor of St. Louis, track midget point leader; and others including Logue Yount and Benny Ellis of St. Louis, Bill Burks Jr. of Marion, Gary Jenkins of Brighton, Mo., Chuck and Steeg Weyant of Springfield, Danny Frye Jr. of Florissant, Mo., and Duke Duroso of Springfield, winner of midget features here on several occasions.

Driving in both the midgets and super-sprints may be Bobby Jones of Danville, Bill Utz of Sedalia, Mo., and Kirkpatrick. Wib Spalding of Pontoon Beach is expected to race in all three divisions.

In the super sprints, Jones will be fighting to regain the point lead from Utz, last week's feature winner. Jones kept the pressure on Utz through the 14th lap of the 20-lap feature before losing his engine and dropping out of the race. He had taken the point lead from Utz one week earlier.

Also racing in the close point competition for the coveted and valuable title of track point champion will be Spalding, the racing Hibbard brothers, Russ and Roy, of Slater, Mo., and Junior Dietzel of Jefferson City.

Tracy, Horn Homers Top Central Christian

Charles Tracy and Garland Horn each homered twice for Central Christian Church in a 25-12 victory over Tri-City Park Tabernacle in the Church Softball League Tuesday at Wilson Park.

Vic Dawson also hit a four bagger and Horn added a triple as the winners racked up 26 hits.

Tabernacle collected 15 hits with home runs by Jim and Jerry Ash and a triple by Jerry Smith.

Nameoki Presbyterian took a big lead with four runs in the first and four more in the second for a 8-1 score going into the top of the third, when Niedringhaus Methodist began hammering away a little each inning to wind up the winners 9-8.

Methodist bagged nine hits and made five errors. Nameoki Pres managed 10 hits and also had five errors. Pres' Terry Harmon tagged the only home run of the game. Bill Lancaster drew a triple for the winners.

Grace Baptist forfeited to 1st Assembly of God.

In Classic Southern action Tuesday, Pisan's took a seven run lead in the first inning in beating the Jets 22-11.

In other Southern action Hagop's Heroes put the brakes on Abel's Auto Body 12-3, and Andra's cooled Frederick Heating 14-9.

GOLF TOURNAMENT-WINNER Susan Mertz, 3123 Harvard Place. The meet climaxed the summer golf season of the GC Park District. Alex Tarpoff, park recreation leader, presents the trophy.

Fall Season Sun to Arise Soon Over Athletic Fields

With the first day of classes at Granite City High School being Aug. 31 plans for fall varsity sports are developing rapidly.

The Illinois High School Association ruling that soccer must be played in the fall, at the same time as football, has caused some scheduling and administrative problems, but GCHS will have varsity soccer this year, according to Joseph Fedora, director of athletics.

Fedora said that due to the fact last year's soccer coaches Tom Wyrostek and Stan Wojcik will be involved in the football program, a soccer coach has yet to be named; but that a meeting of all the coaches will be held to select a coach as soon as school opens.

This season only varsity soccer will be played and although the schedule has not been worked out completely, practice will start Sept. 13 and the first game will be played later in the month or early October.

The GC Park District has granted permission for the school to set up a soccer field in Wilson Park. The new field will be located behind the lighted softball diamond, No. 8, across from Niedringhaus school.

School officials are trying to schedule 12 to 14 soccer games.

Gridiron Plans

Wayne Williams will be again coaching the fighting football Warriors, who will have their first day of practice Aug. 25.

Williams will be assisted by the same staff that led the Warriors to an impressive 8-1 season last year. The returning football coaches are Russ Chapell, Robert Stegemeier, Don Miller, Wyrostek and Wojcik.

Football equipment will be issued to the varsity on Aug. 23rd and the sophomores on Aug. 24, beginning at 9 a.m.

The Warriors open their football season at home Sept. 17 against Belleville-Althoff.

Cross country will again see the services of Coach Dick Harmon who announced practices beginning Aug. 23. The first cross country meet will be

held at home against Triad on Sept. 3.

The date for physicals is to be announced, and players in all sports may watch the sports page for further information as soon as it is available.

MHS Grid Practice to Open on Aug. 25

Madison High School will open football practice Aug. 25 with Coach Al Vonder Harr again at the Trojan helm.

He will be assisted this season by Emmett Timmons as backfield coach and Charles Steptoe as defensive coordinator.

The first Trojan game will be at 4 p.m. Sept. 18 against Central of St. Louis. Madison will be playing independent ball this year because of the disbandment of the Midwestern Conference.

Larry Graham will coach the Trojan cross country team which will open its season Sept. 19 with a home meet against Duplo.

Dates for physical exams and for issuing of equipment are to be announced.

Advances to State

Carylie plays in the State American Legion baseball tournament today at Danville after winning the Fifth Division tournament by tripping Highland 8-4 in 14 innings. Carylie is 36-11 for the season.

Boosters to Travel To Troy, Mercer Idle

St. Mary's Boosters will travel to Troy for a double header beginning at 1 p.m. Sunday in Northwestern Illinois Inter-City Baseball League action, while Mercer will be idle.

While Mercer rests Sunday, Inter-City fans can see Mollitor of Collinsville play the Ma-chinist in East Alton at 2:30 p.m.

In addition Fairfax will go to meet Highland-Pierson for a double header beginning at 1 p.m. and according to the schedule, Glen Carbon plays at Maryville.

Monroe has two players in the league's top five in batting and pitching. Larry Corey, who hit a home run last Sunday, is in

fifth place in hitting with a .378 average. Bob Finks, with a 3-4 won-loss record, is fourth in the earned run average column with 2.70.

The Eagles were leading 7-5 going into the fourth but Custom Engraving tied it and moved ahead for a 10-8 score.

Becerra's defeated Liberty Home 11-5 on 14 hits. The losers collected 10.

POTENTIAL OLYMPIC STAR. Karen Reisinger of Granite City, whose form and stamina combine to make her one of the brightest hopes among United States swimmers capable of winning berths on the U.S. Olympic team next year or in 1976.

The 14-year-old competitor is shown coming in for the touch in the breaststroke leg of the 400-meter individual medley race—a strenuous four-stroke event. Her specialty is the one-mile distance event.

The idea behind the Volkswagen Squareback Sedan.

Twenty-three years ago, we had an idea for a small economy car. And it came out looking like a bug. Twenty years ago, we had an idea for a giant station wagon. And it came out looking like a box. Then we had an idea for a sedan that combined all the economy of our bug with a lot of the capacity of our box.

So you'd expect it to come out looking half bug, half box. Right? Wrong.

Our Squareback Sedan looks like a small station wagon. But by squaring off its back and

adding a trunk in front, our little sedan can give you over twice as much carrying space as the biggest domestic sedan.

And that's just the way a car looks on the outside, but how it works on the inside.

And so it's just as true today as it was then: You can't judge a Volkswagen by its cover.

Dear Nana—Sad Story of Mother Stirs Woman's Concern; Hobby Ideas Sought

By JACKIE STEFANICH
Copley News Service

Dear Nana:

I just had to write you concerning the "heartbroken mother" who says they are waiting for her to die to take over her house and jewelry.

I lost my own mother 5½ years ago but it still seems like only yesterday.

How I wish the poor lady in your column were my mother. I used to go see mom every day and we'd either go shopping or visiting. I even did her laundry for her when she was not feeling good.

However, we were on vacation when she died suddenly of a heart attack. I was so shocked, and I'm still just getting over her death.

My mother was poor and left me nothing but her personal things. Yet, I loved her as if she had given me a million dollars. And my mother left me many beautiful memories which I shall cherish for the rest of my life.

Tell "Heartbroken Mother" that I love her and I'm praying for her.

God bless you, dear Nana, for all the wonderful things you do for the elderly.

Mrs. H. R.

P.S. Mom would have been 73 this year. I'm only 33 years old and I'm happily married to the most wonderful man on earth. We have two children.

Dear Mrs. H. R.:

I'm sure those parents who feel they are in similar circumstances as those of the heartbroken mother will appreciate your thoughtful concern for the elderly.

And I must say that I wish there were more of the young generation who cared about their parents as you did. It would be less heartwrenching for those of us who are in the rest home business or work with the aged.

Being old and alone is terrible, but being old and alone is terrible and frightening.

Therefore, I'm printing the above letter and my answer for those who haven't visited their parents recently. And be sure

you visit soon, before it's too late.

Polio Patient Artist

I happened to read your column in our local paper and I saw your question in regard to a meeting of the Destination Kops Club Monday evening in the home of Mrs. Billie Bagl, 3119 Harlow Place.

It really isn't any of my business, since it was asked of another individual, but I wanted to make sure you received a reply. I feel sure the artists you're referring to is Ann Adams.

I've been ordering her lovely, unloveable cards for several years. She is a polio patient, totally paralyzed and in an iron lung most of the time. Miss Adams was an artist before she was stricken and a taught herself to draw with a pencil between her teeth. Each card of her designs takes several months to complete.

That came today with cards I had ordered. I sent for N-47 because it was a reminder of the missions of California.

They are exquisite, as are all her drawings.

CLUB PLANS CONTEST

Plans were made for a new weight loss contest during a meeting of the Destination Kops Club Monday evening in the home of Mrs. Billie Bagl, 3119 Harlow Place.

The co-leader, Mrs. Ruth Stover, led national and club pledges and Mrs. Bagl conducted roll call. Mrs. Alice Selph was crowned queen of the week, succeeding Mrs. Jackie Affeldt, and was presented with many prizes.

Mr. Linda Miles gave a report and Mrs. Von Nida reviewed the club's preamble. Mrs. Miles read a poem, "Harvest Hope."

The members discussed a weight contest that will begin next week and the group adjourned to a luncheon at Ravanelli's. Also participating was Mrs. Verna Michel.

NELSON REUNION

The annual Nelson family reunion was held this week at the Kirkpatrick Homes recreation center and a covered dish luncheon was served to 50.

Local residents attending were Mrs. Mae Nelson, Mr. and Mrs. Ronald McKee and children, Robert and Rick Kennedy, Mrs. Lillian Anderson, Mr. and Mrs. Jim Leonard and son, Hester Shelton, Mr. and Mrs. Rufus LeMaster and Clem Whitaker.

Out-of-town guests including many former residents, were Mr. and Mrs. John McKee and son, Pvt. Terrell McKee, and their grandsons, Rodney Perry and Charles Fitzpatrick of Iberia, Mo.; Mr. and Mrs. Hans Konrath and son, Steve of Oklahoma; Mr. and Mrs. Bob Nelson and children of Greenville.

Mrs. Bernice Allen, Mr. and Mrs. Stanley Hall and children and Mr. and Mrs. Cecil Povaloff, all of Glen Carbon, Mo., and Edward Shemwell and children of Columbia, Mo., Mr. and Mrs. Jerry Pavloff of Vandalia, Ill., and Mr. and Mrs. Robert Baugh, Mr. and Mrs. Gary Baugh and son, Mr. Stanley Nelson and daughter, all of St. Louis.

Mr. and Mrs. John McKee and Pvt. McKee have been staying at the home of their son and daughter-in-law, Mr. and Mrs. Ronald McKee, 210 Hodges Ave.; they are formerly of the Quad-Cities.

Pvt. McKee, stationed at Fort Knox, Ky., with the U.S. Army, completed basic training at Fort Leonard Wood, Mo., and was selected as colonel's orderly on the basis of his specialized knowledge and soldierly bearing and appearance.

Prior to moving to Missouri with his family, Pvt. McKee attended schools here and in Glen Carbon.

MRS. SCHWENDEMANN
IS HOSTESS TO CLUB

The Once-A-Month Card Club met in the home of Mrs. Helen Schwendemann, 3005 Forest Drive, Tuesday evening for the August meeting and hostesses were chosen for the next several months.

The club formed two groups to play games and prizes for high scores were won by Mrs. Donna Kagy and Mrs. Ann Walsh. Consolation prizes were won by Mrs. Cora Coppedge and Mrs. Joan Yetter.

The hostess served a dessert course to the prize winners and Wendell Sharon Shafer, Martha Johnson and Ruth Smith. Mrs. Shafer, 516 Bend Road, will be hostess for the Sept. 14 meeting.

FUTURE SLENDERETTES
NAME MRS. THRANE

The Tops Future Slenderettes met Tuesday evening in the Levee District Office on Madison Ave.

Weight weights were recorded by Mrs. Christine Ersparmer, and Mrs. Eva Burns, the leader, conducted the business of the group after the Tops Club pledge.

Mrs. Mary Thane, named "Queen" of the week, was presented with a gift, a fruit basket and a "queen" pin. One new member, Mrs. Donna Stover, was welcomed to the club and plans were discussed for the float the members will enter in the Jubilee parade, and for the club's anniversary dinner which has been postponed until September.

Those present at the meeting were Mrs. Pat Wickman and Mrs. Sara Dempsey.

ENTERS JEWISH HOSPITAL

Mrs. Betty Favier, 2140 Dawn Place, a local beautician, was admitted Monday at Jewish Hospital, St. Louis, where she is undergoing a series of tests. She is a patient in Room 733.

Visitors Feted At Parties Here
Relatives from Pennsylvania and Colorado were recent guests at the home of Mr. and Mrs. William McCunney, 1825 Edwardsville Road, Madison, Mo., Sunday afternoon. Mrs. Helen Gull of Colorado and Mrs. Carol Hawkins and son, Bobby, of Philadelphia, Pa., initially were house guests of the McCunney family when the visitors were enroute to Crawford, Calif., to visit Mrs. Rose Porter, a niece of Mrs. Hawkins. Mrs. Porter returned with her guests to Madison where four persons remained here a week at the McCunney home. Prior to departing for their homes early this week, 13 visitors were entertained at a lawn party at the McCunney residence and attended a barbecue supper in the home of Mr. and Mrs. Woodrow Moad, 2306 Woodlawn Ave. The latter event was held in observance of Moad's 30th birthday and among the guests were Mr. and Mrs. Moad and children, Eddie and Jack; Mr. and Mrs. Dan Moad and son, Danny; Mrs. Pansy Moad; Mr. and Mrs. Len Whitsett and children, Danny, Meg and Len Jr.; Mr. and Mrs. McCunney and children, Richard, Steve, Mary and Dodi; Bill Jakich and the out-of-state visitors.

County Zoning Board Approves Seven Requests

The Madison County Zoning Board of Appeals has recommended approval of seven requests for special use permits, partially granted one, denied one and canceled another, subject to the consideration of the Madison County Board of Supervisors at its meeting Aug. 18.

Petitioners gaining approval are: Hokekamp Lumber Co. by C. Hokekamp and Arnie Translokation Systems by Raymond Kozielek, agent, to operate a truck terminal in an M-1 limited manufacturing district on Old Route 66, Chouteau Township, provided no flammable or explosive materials be stored in transit.

Robert and Anna K. Boettcher to place a mobile home in an M-3 heavy industrial district near the Hartford Canal, Chouteau Township, for a period not to exceed five years and for the sole occupancy of Robert Boettcher and family.

Gilbert Roach, legal counsel for Harry and Irene Cook and Mrs. Harrie Pryor to place a mobile home in an R-3 one-family residence district at 2326 Lake Drive, Chouteau Township, for so long as Mrs. Pryor and family occupy same.

Excavating Business. Leo Kamadulski to operate an excavating business in an agricultural district about three-quarters of a mile north of Route 111 on Route 162, Nameoki Township.

Anna M. Dickinson and William R. Dolos to operate a sporting goods store in an R-3 one-family residence district on Route 125 about 127 feet west of Eduardo Drive, Nameoki Township, provided that no bulk explosives be stored or sold on the premises.

Glenn Hunt, to place a mobile home in an R-4 single-family residence district at Troy St., Cloverleaf, Nameoki Township, for the duration of the occupancy of his father.

Bill C. Thrasher, owner, and William R. Hawkins, occupant, to place a mobile home in an R-3 one-family residence district in the W. R. Benjamin tract on Route 67 by the R.C. bottling plant, Venice Township.

Partial Approval
Arley E. Thompson and Ralph Thompson obtained a permit to construct a garage but were denied a permit to place a mobile home in an R-4 single-family residence district at 2124 Hildebrand Ave., Cloverleaf, Nameoki Township.

Harold Mainor was denied a permit to place a mobile home in an agricultural district in Nameoki Township at Arlington Heights.

The request of Truman Cogins and Lloyd M. Davis to place a mobile home 544 Chouteau Ave. was canceled because of improper posting of the public notice and lack of attendance at the site.

Purse Stolen
Mrs. Mary Krainovich, 1111 Madison Ave., Madison, told police that a man grabbed her purse from her hand and ran south on Madison Avenue near her home at 8:05 p.m. Tuesday. Police found the purse near 10th Street and Madison Avenue a short time later, but \$5 had been taken.

\$90 Taken from Wallet

Carl Clay, Chicago, told police Wednesday that about \$90 had been taken from his wallet during the night at a relative's home in the 300 block of Weaver Street.

Allergy Season Near, Count Climbing to 'Misery' Mark

By JOAN MURARO
Copy News Service
Springfield — Now is the time for all good men to head for the family physician—if they are susceptible to the sniffs and sneezes of allergy.

Dr. Franklin Yoder, director of the state department of public health, reports the time is fast approaching when the ragweed and alternaria count starts climbing into the misery mark for those with hay fever and other allergic conditions.

"This is a time when it is especially important to keep general health at a high level," Dr. Yoder said, "so that allergic diseases do not detract more than necessary from usual health status."

He recommended checking with the family physician for the treatment or prevention program best suited to the individual.

For some people, Dr. Yoder said, there are shots which bring relief or head off development of some of the unpleasantness. For others, pills or other medication are the best choice.

More Respiratory Ills
Elsewhere on the health picture in Illinois, Dr. Yoder said there has been a slight, unofficial increase indicated in respiratory illness.

Since most of these are not diseases which must be reported to the department, there are no statistics for comparison with previous years, or any firm figures on the numbers, Dr. Yoder said.

No cases of VEE (Venezuelan equine encephalitis) in the state have been reported and, in fact, no cases in humans have been reported save one, in any county away from the Gulf of Mexico, he said.

The director added that credit for the apparent halt of the disease's spread must go to the horse quarantine.

However, Dr. Yoder warned, the method of transmission of the VEE is not exactly understood, and for the future "we had better plan for it."

No reappearance of the so-called "St. Louis encephalitis" has been reported in Illinois, Dr. Yoder said, though his department has been keeping watch in domestic Illinois against an appearance of the disease.

It affected a number of people and caused several deaths when it first appeared three or four years ago.

Simon Expects to Announce His '72 Plans Next Month
By JERRY OWENS
Copy News Service
Springfield — Lt. Gov. Paul Simon has tentatively set the end of September as the time for announcing his 1972 political plans.

Simon still says he "probably" will announce for governor. But it will only be an announcement that he plans to seek the Democratic slatemakers' endorsement, not that he plans to enter the 1972 governor primary.

By qualifying his announcement, he will have the option of dropping out of the race if he fails to win the party's nod.

In an interview, Simon endorsed U.S. Sen. Adlai Stevenson, D-Ill., for the Democratic vice-presidential nomination.

"He's my choice for vice-president," Simon comments matter-of-factly. With Stevenson on the national ticket, the Illinois ticket would be greatly enhanced, Simon believes.

Chat With Muskie
Though he claims to have no favorite for president yet, Simon points out that Ed Muskie generally seems to have the most strength right now. He reveals Muskie phoned him recently and they chatted about 10 minutes, but he says "there were no commitments made."

Simon thinks Republican Gov. Richard Ogilvie, the likely GOP governor candidate, will be a worthy opponent for the Democratic nominee. "I can't match what the governor has," says Simon, referring to the incumbent's ability to attract big money and draw on the many resources of his administration.

Ogilvie is certain to fully utilize the ever-growing number of public relations employees and electronic media specialists he has placed on his payroll the lieutenant governor predicts.

Cites Three Weaknesses
Simon feels Ogilvie has three key weaknesses: Lack of credibility, inability to pull people together and fiscal irresponsibility. He criticizes Ogilvie "for saying one thing before the election and saying and doing another after," particularly in opposing a state income tax during the 1968 campaign and "leading the fight for passage of one in 1969."

He claims the governor is not

Telephone Directories Being Distributed Here

Workers this week are distributing 38,334 new telephone directories in the Quad-City area and are expected to complete the task tomorrow, Dale Kaesboeder, manager of the Granite City district of Southwestern Bell, said today.

About 37 local residents were hired to assist in the distribution effort, which began Monday. The new directories, bearing cover photographs of the Granite City, Madison and Venice city halls, were printed by Gulf Printing Co., Houston, Tex., and are being distributed from East St. Louis by Directory Distributing Associates Co., St. Louis.

36 Bullets Stolen

Larry Marshall, Edwardsville, a security guard, reported at 1:25 a.m. Tuesday that 36 rounds of .38 caliber ammunition were stolen from the front seat of his auto parked at 1530 Johnson Road.

Rare Coins Stolen

W. J. Hudgens, 2820 Edwards St., reported at 1:45 a.m. Tuesday that \$85 in rare coins and \$25 worth of Kennedy half dollars were stolen in a burglary of his home. There was no forced entry.

Garage Burglarized

Burglars took a tool box and tools valued at \$300 from the garage in front of the home of Thomas G. Hill, 2653 Rhodes St., Madison, Hill reported Monday.

a compromiser or peace-maker. He thinks Ogilvie could have done more to heal wounds in racially-torn Cairo, used his authority to help solve the 1970-71 teachers' strike in St. Louis and sought accord among feuding lawmakers on an education package during the 1971 legislative session.

Simon also contends Ogilvie "has postponed facing economic realities" in the state, primarily through liberal spending policies and massive indebtedness highlighted by the highway bond issue.

But Ogilvie has some "pluses," Simon concedes. He lauds major advances in the corrections field (penal reform) and development of a genuine executive budget.

Positive Program
While he agrees in principle with the theory behind creation of the Bureau of the Budget and thinks the bureau "is essentially sound," he maintains it could be administered better.

"You can bet Simon would take after Ogilvie in a campaign, picking the administration to pieces, but he says he would for the most part wage 'a constructive campaign.'"

"If you don't have a program of your own, you don't deserve to be elected dogcatcher," he comments. He says he would, during the course of the campaign, outline a positive program.

He also pledges to continue to make full public disclosure of his income and campaign receipts and expenses.

The revelation that ex-Gov. Otto Kerner bought and sold race track stock at a big profit while governor "reaffirms the desirability of disclosure laws," Simon states. "The (Kerner) is my friend and I like him very much, but I wish he hadn't done it."

Venice Council Seeks Better Bus Maintenance

Complaints of lack of cleanliness and maintenance of older Bi-State Transit System buses in use in the city were referred to the Venice City Council Tuesday night by Jack Tolliver, city engineer.

Though the agency has improved service here and is using some buses obtained through the financial help of the State of Illinois, Tolliver suggested that a letter outlining the complaints be sent to agency officials.

Mayor John Lee ordered that copies of the letter also be sent to the governor and state representatives from this area.

In another departmental report, William Griggs, building inspector, said that the Illinois Public Aid Commission is withholding home rentals to some owners of property housing welfare clients until the buildings are restored to proper condition.

Must Be Certified
Griggs, who pointed to several examples in North Venice, added that the improved buildings must be certified and forwarded to the state before payments will be made.

Ben Honorable, civil defense director, announced that a meeting of county directors in communities of less than 5,000 population will be held at 7:30 p.m. Monday at the Madison County Civil Defense Center.

He said that reports and projections of equipment needs for the next several years are to be submitted to qualify the county for federal matching funds in the future.

Authorized to attend the 11st annual convention of the Illinois Firemen's Association Aug. 20-22 at Belleville were Willie Dumas, Marion Gray and William Meehan.

Meehan reported that the city's new emergency truck should be delivered next week.

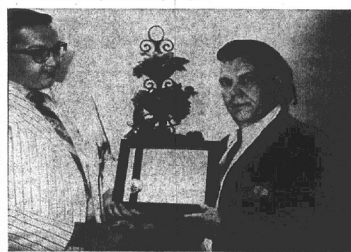

Audit Favorable
A favorable audit report submitted by Kemper, Fisher, Faust, Lawrence & Co., certified public accountants from Carbondale, on city financial transactions for the last fiscal year was accepted without comment by the aldermen.

An ordinance was adopted to install stop signs on Line Alley at Market Street.

Edward Jeneaux of Sheppard, Morgan & Schwaab, city consulting engineer, reported that utility adjustments have been

Girl Is 3-Millionth Arch Train Passenger

A 16-year-old high school student from Williamsport, Pa., Karen Kulzer, became the 3,000,000 person to take the trip to the top of the Gateway Arch Monday. In a brief ceremony, Karen received an engraved replica of the nation's tallest monument from Col. R. E. Smyser, Jr., executive director of Bi-State Development Agency.

She also received a book on the construction of the Arch and a symphonic presentation entitled "Gateway to the West" recorded by the Rome Symphony Orchestra from Linda K. Janowski, Miss Downtown St. Louis, Ivan D. Parker, Superintendent of the National Park Service, presented Karen with an Arch replica pendant.

The Gateway Arch Passenger Transportation System opened on July 24, 1967. The millionth passenger made the trip to the top of the Arch January 16, 1969, with the two millionth making the trip on June 17, 1970.

Bi-State Development Agency operates the Arch Transportation System under the terms of a 30-year cooperative agreement with the National Park Service.

A new weekend attendance record was set Aug. 6, 7 and 8 when a total of 17,405 persons made the Arch trip. A new single day record of 6,126 was set Sunday, Aug. 8. The previous single day record of 5,967 was set July 31, 1971.

Want a Topic to Take Your Mind Off the Mid-August Weather? Here's a Dog-Gone Good One -- Man's Best Friend

A CUDDLY BUNCH. Bit of Cream Puff and her pups aren't all of one mind as to where the action is for this photo. But these toy poodles are a peppy lot. They're lovable and make excellent apartment pets. Of the one million dogs registered with the American Kennel Club, more than a quarter (263,879) are poodles; since the

late 1950s, poodles have been top dog. Among the reasons given for their remarkable and lasting popularity is that, while all poodles are one breed, they come in a variety of sizes — standards (over 15 inches tall at the withers), miniatures (15 inches or under with a minimum height of over 10 inches) and toys (10 inches or under).

BIG MOMENT. Christian Woodhead, three (photo at right), sizes up Senator Casper of Edgimbar, a Great Pyrenees. Such a big dog requires adequate fencing. A Great Pyrenees Club has been formed, and at

a fun match and picnic 85 of the huge white dogs were brought by their owners. The dogs originated in the Basque country in the Pyrenees Mountains between France and Spain.

KEEPING FIDO CLEAN. Dogs need bathing to keep them clean. But a bath once in two months is often enough for the average dog. This one is being washed with a hand spray in a bathtub. Don't fill the tub with water or pour dirty water over a dog.

Grooming equipment includes wide-toothed metal combs, slicker (wire) brush, precision dog scissors and possibly electric clippers for poodles and some other breeds; a pin brush for dogs with long straight coats such as Old English sheepdogs

and Afghans; a hound glove, for smooth-coated breeds such as beagles, to stimulate oils in the skin and make coats shiny; and, for all breeds, nail clippers, file and shampoos to keep the coats from tangling and to kill fleas.

PUPPIES ARE ADORABLE but the overpopulation of pets is causing a lot of concern among animal lovers. Puppies like this one have a value and are generally sold for no less than \$5 to help insure that they find good homes. A study has shown that one

female dog and her pups theoretically could produce more than 13,000 puppies in six years. Animal control costs are rising and hundreds of millions of dollars are spent by humane societies and citizens to board, feed and eventually destroy millions of homeless animals.

Horsemeat supplies are dwindling, and vast amounts of whale meat, grains and other food are consumed by huge oversupply of pets. Many groups are urging more extensive efforts to curb the pet population explosion.

President Johnson Was Self-Educated Youth

Editor's Note: Andrew Johnson, 1808-1875, was an illiterate boy who educated himself and became 17th president of the United States. Impeachment proceedings were brought against him but the vote was one short of the two-thirds majority necessary for conviction. This is another in a series on what famous people were like in their teens.

By BETT ANDERSON
Copley News Service
Probably no teenager in history ever had a harder time than Andrew Johnson. Yet he overcame all of his handicaps to become the 17th president of the United States.

He was born of illiterate parents in Raleigh, N.C., and his father died when Andrew was only 3. He, his mother and brother often went hungry and their clothes were patched rags. At 13, Andrew had never even been to school. He ran wild with other boys his age.

But when Andrew was 14, two big changes took place in his life. His mother married again and his uneducated stepfather apprenticed him to a local tailor. Andrew was happy that he could earn a few cents to help his mother. But the job of sitting cross-legged on the tailor's bench and working from daybreak to sunset was backbreaking and monotonous. The unhappy, overworked teenager realized he would have to have an education if he wanted to be somebody. He longed to read so he began to memorize words by sight. Then he and his brother decided to run away from home and start their own tailoring shop. Business was not too good. Andrew looked around for greener pastures.

One night this gawky country

boy, with a pitiful little bundle of socks and shirts slung over his shoulder, started out for Tennessee. He had heard it was a groovy state with lots of jobs available. Some of the way he hitchhiked in wagons. He also floated down the river on a flatboat, landed in Alabama, and then walked 70 miles until he reached Columbia, Tenn.

Andrew got a job there with a fine tailor. After three months he returned to his old home and, packing up his mother and stepfather, took them back to Columbia with him. He was only 16 when he accomplished all this.

At 18, Andrew Johnson married a pretty Tennessee teenager who taught him to read and write. He read and studied and became very respected in his community. Eventually this teenaged bride went to Washington with her husband and became his first lady. Their residence was the White House.

GC Youth Completes Year at Novifate

\$1.7 Million in Awards Set for Students at SIU

More than \$1.7 million in monetary awards will be made to 4,000 students at Southern Illinois University at Carbondale during the coming 1971-72 school year under the financial aid program of the Illinois State Scholarship Commission.

Despite current austerity moves in state budgeting, the figure is an increase of about 13% above the \$1.5 million which has been paid to about 3,700 SIU-Carbondale students during the current school year, according to Joseph D. Zimny, coordinator of state programs in the Office of Student Work and Financial Assistance.

The amount which each student at SIU can receive in either a state scholarship or grant for the three quarters from September to June normally would range from a minimum of \$50 per quarter up to the maximum charged for tuition and fees of \$191.50 per quarter. During 1971-72, however, the ISCC has announced it will be necessary to reduce each award by four per cent across the board.

Zimny pointed out that students actually will receive larger amounts than in 1970-71, since SIU's tuition and fees will be raised from the present \$165.50 per quarter to \$191.50 per quarter in September.

A four per cent reduction from the new maximum still would give the student with the most need \$18.34 per quarter more than he is receiving during the present year.

Students whose degree of need would entitle them to receive just the \$50 per quarter minimum will have their benefits reduced by only \$2 per quarter in 1971-72.

In Hospital

Mrs. Esther Jakich, 2304 Woodland Ave., is a patient at Jewish Hospital, St. Louis where she is undergoing tests. She entered the hospital last week and expects to remain there this week.

FURNITURE FROM THE TURN OF THE CENTURY may be seen at Franklin Union Furniture Co., 19th Street and Delmar Avenue. The display was arranged as part of the Jubilee celebration. Part of the display pictured above shows a

mahogany wardrobe, at left rear, and at right front a 1903 high boy chest. The clock sitting on the chest was made in 1880, and still keeps time. Also on the chest is a three-piece lamp made before the turn of the century.

Pre-Dawn Bicycle Tour Of St. Louis Planned

The eighth annual "Moonlight Ramble" of the Ozark Area Council of American Youth Hostels Inc. will take an expected 600 bicycle riders on a 16-mile, pre-dawn tour of the city Sunday, Aug. 26, starting at 2:00 a.m.

The cyclists will assemble at Kiener Memorial Fountain, just north of Busch Stadium off Market Street, at 1:30 a.m. for registration. The easy-paced, four-hour tour of St. Louis neighborhoods will bring the riders back downtown by a circular route.

In past years many participants, before going home after the ride, sat on the steps of the Old Court House to discuss their experiences and to watch "the first rays of dawn through the rising sun through the Gateway Arch."

The early-morning bike tour is a special invitation to trip open to bicycle enthusiasts of all ages. AYH membership is not required. Riders under 14 must be accompanied by an adult.

The only charge is 50 cents to cover registration and accident insurance. "Sag wagons" will follow the cyclists to assist riders in the event of accidents or breakdowns.

A detailed advance schedule of local AYH activities is published in the Ozark Area Council's bimonthly newsletter. Upon request, interested persons will be sent the September/October issue at no charge. Telephone 644-3500 or write American Youth Hostels, 2605 South Big Bend, St. Louis, Mo. 63143.

Two From Y to Attend Leadership Course

Miss Dawn Voss, daughter of Mr. and Mrs. Robert Voss, 5 Rose Lane, and Barry Gibbs, son of Mr. and Mrs. James R. Gibbs, 2145 Lynch Ave., will attend a 12-day leadership institute at YMCA Camp Lakewood, Potosi, Mo., Aug. 16-28.

The institute is a training experience for the youngsters which will help them to assist in the formation of a Leader's Club at the local YMCA upon their return home.

Included in the institute curriculum is training in personal development, self development in skills, skills development in leadership, serving others, communication, and better understanding of self and others. There is also opportunity for fun and recreation.

The Granite City Noonday Optimist Club is underwriting the cost of the youngsters' tuition.

Squad Car in Accident

A Madison Police Department squad car, driven by Patrolman Charles J. Bridick, 1546 Fourth St., Madison, eastbound in the 1500 block of Sixth Street in Madison, collided with the auto of Cleatus W. Gaines, backing from a parking space, at 12:25 a.m. yesterday. The right rear fenders of both cars were damaged.

Computer Sent Some Extra Car License Forms

By RAY SERATT
Copley News Service
Springfield — If you've received a duplication of the 1972 auto license application form, don't worry.

Officials in the office of Secretary of State John W. Lewis pointed out that the mistake occurred through an error by the computer. All of the application forms are now sent through a computer process.

The officials say those persons receiving a duplication of the forms should just fill one out and destroy the other.

The pre-printed forms can be used by those whose basic information hasn't changed from the present year. The pre-printed forms are sent through the mails.

The pre-printed computer forms must be returned to the Secretary of State's office by Sept. 30 if the motorists desire to keep their current license plate number. If they fail to do so, they could lose the current number.

Meanwhile, officials in Lewis' office say they will try to recover the money lost through the duplication from the computer company. The duplication in the printout of the computer came during a one-day operation of the computer. About 97,000 forms were duplicated and mailed out because of the error.

The additional postage expense totaled \$8,000 and there is extra expense for the envelopes and hangars.

The 1972 license plate colors will be white and blue. The plates will have a white reflectorized back ground with bright blue numerals and letters.

Illinois license plates have been issued since 1911 and this is the first time in the history of issuance that the bright blue and white combination has been used.

Lewis announced earlier this year that the plates will be made by a firm from Arkansas. He said the firm's bid was at a savings of \$300,000 for the state.

130 Foreign Students Expected, Help Sought

One hundred and thirty foreign students from 29 countries are expected to enroll this fall at Southern Illinois University-Southwestern, according to foreign student adviser Charles Buchana.

To help them adjust more readily, members of the International Hospitality Program Committee at SIU-SW are recruiting members of the community to serve as host families to the international students, Buchana said.

Host families participate in social activities with an international student, meet the arriving student and provide temporary lodging while the student seeks permanent housing facilities, or provide room and board for a student on a rental basis.

Interested families should contact Mrs. Elmer Schumacher in Edwardsville at 656-4383 or Buchana, 692-2932.

Mr. and Mrs. Monte Wilson and son, Glen, 2621 Circle Drive, returned home Monday from a vacation in Texas.

They visited Mr. and Mrs. James Usleton and daughters, Toni and Lori, of Wichita Falls, Tex., and all went deep-sea fishing in the Gulf of Mexico.

They caught a total of over 600 pounds of fish. Glen Wilson brought in a 25-pound catch and his father landed a 40-pound fish.

They stopped at Houston and visited Astro-World, Oklahoma's Grand Lake of the Cherokee, Missouri's Bagnell Dam and Dogpatch, U.S.A.

In this exciting grocery business, price changes occur almost daily which makes jobs seem slow. The food industry knows one great low—supply and demand. Home grown tomatoes had been holding up in price, but suddenly everything broke loose... our produce buyer's phone began ringing and in a few minutes our stores were selling tomatoes for 49¢ for a 2 1/2 lb. pan. The point of this story is that sudden price declines occur often and you can pick up unexpected bargains before they are advertised. We do have low everyday prices on over 7,000 items, but we also get a big kick (for all companies do) if we beat competitors when markets tumble, offering you these unexpected "extras". Our stores are phased faster than "greased lightning", and you'll often see a clerk pointing these new finds on our windows. Yes, food selling is an exciting business!

Sweets for the Sweet— During Summertime, Too

By SUSAN DELIGHT
Copley News Service

The young sweet tooth is just as demanding of sweets in the summertime as during other seasons of the year.

In fact, during the vacation months, when time and weather stimulate strenuous outdoor recreation, the sweet tooth is often even more demanding.

The wise housewife, who also wants to share in easy summer living, should encourage young people to make their own sweets.

Some of the new no-cook and no-bake sweets are as easy as pie to prepare, even for the inexperienced.

The recipes which follow are in this category. The no-bake Lazy Dayzy confection calls only for the melting of chocolate and butterscotch morsels and the mixing together of a few other ingredients before chilling. Orangeros require only mixing before chilling.

LAZY-DAYZY "NO BAKES"

1 package (1 cup) semisweet chocolate morsels
1 package (1 cup) butterscotch-flavored morsels
1/2 cup sifted confectioners' sugar
1/2 cup sour cream
1 tsp. vanilla
1/4 tsp salt

2 cups finely crushed vanilla wafer crumbs
1/2 cup chopped almonds, toasted

Combine chocolate and butterscotch morsels. Melt over hot (not boiling) water. Remove from water.

Add sugar, sour cream, vanilla and salt; mix well. Blend in vanilla wafer crumbs.

Press into waxed paper-lined 8-inch square pan. Sprinkle with almonds; press in gently.

Chill until firm. Let stand a few minutes at room temperature for easier cutting. Cut into 36 squares.

ORANGEROS

one-third cup margarine, softened

one-third cup light corn syrup

2 tps. orange extract

1/4 tsp. salt

3 drops red food coloring

2 drops yellow food coloring

1 box (1 lb.) confectioners' sugar, sifted

1/2 cup finely chopped cocktail peanuts

2 squares (1 oz. each) semisweet chocolate, melted

In a large bowl combine softened margarine, corn syrup, orange extract, salt and food coloring.

Beat until well blended. Add sugar all at once. Mix with spoon, then with hands until mixture forms a stiff mass.

Knead in cocktail peanuts. On board or waxed paper, roll pieces of mixture to a 1/4 to 1/2-inch thickness. Cut into desired shapes.

Decorate with melted chocolate. Store in a cool place. Makes 1 1/2 pounds of candy.

MORSELS COMBINED. Lazy-Dayzy, a no-bake confection, combines the flavors of melted chocolate

and butterscotch morsels. For a summer party, serve with pitchers of frosty chocolate milk.

SERMON TO EMPHASIZE UNSELFISH LOVE TOPIC

The importance of unselfish love in building a constructive marriage will be emphasized at Christian Science church services Sunday.

Bible readings will include this verse from Genesis: "And Jacob served seven years for Rachel; and they seemed unto him but a few days, for the love he had to her."

The lesson-sermon is entitled "Soul." Services begin at 10:45 a.m. at First Church of Christ, Scientist, 2560 Delmar Ave.

PARENTS RETURN FROM WEST INDIES CRUISE

Mr. and Mrs. Joseph Parente, 1621 Lindell Blvd., have arrived home following a 7-day cruise on the "Song of Norway" steamship that included stopovers at Nassau in the Bahamas, San Juan, Puerto Rico and the St. Thomas Islands.

Enroute home, the couple also visited points of interest in Miami, St. Petersburg and Tampa, Fla.

MRS. GEORGE J. MORAN JR. Her wedding took place Aug. 7 at the Catholic Newman Center in Edwardsville. A daughter of Mr. and Mrs. James D. Vollmer of Litchfield, she is the former Mary Eleanor Vollmer.

Miss Mary Vollmer and George Moran Jr. Wed

Miss Mary Eleanor Vollmer and George J. Moran Jr., were married Saturday evening at the Catholic Newman Center in Edwardsville.

The bride is a daughter of Mr. and Mrs. James D. Vollmer of Litchfield, Ill. Mr. Moran's parents are Illinois Appellate Justice George J. Moran and Mrs. Moran, 2801 Idaho St., Granite City.

The Rev. James Shortall performed the 7 o'clock ceremony and the Rev. Richard L. Bailey S.J., president of St. Louis University High School, served as commentator.

The wedding reception was held in the Officers Club of the Headquarters Installation Support Activities, formerly the Granite City Army Depot directly after the church service.

Attendants for the bride were Miss Kathleen Moran, the bridegroom's sister, as maid of honor, and Miss Irene Bily of Belleville, a college roommate, and Miss Valerie Goodapple of Peoria, Ill., sorority sisters of the bride and Mrs. Kevin Lillis of Granite City, bridesmaids.

Misses Agnes and Frances Vollmer, young sisters of the bride, served as junior maids

and David Vollmer, a brother, carried the rings.

George Mosegood of Baldwin, Ill., was best man, and Tim McKay of Granite City, Charles Vollmer, the bride's brother and Thomas Field of Venice, a cousin of the bridegroom, were groomsmen.

When they return from a honeymoon in Canada the newlyweds will reside in the LaCade Town apartments in St. Louis.

The former Miss Vollmer, a graduate of the Litchfield High School, is now a senior at SIU-SW majoring in Special Education for the emotionally disturbed. She is a member of Gamma Sigma National Service sorority; the Student Council on Exceptional Children, and the University Senate.

Mr. Moran is employed by the William Schooley law firm in Granite City. He graduated from the Granite City High School and Quincy College and received a B.S. degree in mathematics at SIU-SW. He is presently attending St. Louis University Law School.

Cloverview Club To Enter Parade

The August meeting of the Cloverview Garden Club was held Tuesday in the home of Mrs. Robert McCauley, 2455 Lynch Ave. A dessert course was served by the hostesses to nine members, followed by the club collect led by Mrs. John Lentz.

The group discussed plans for participation in "Charity Days" in September and the guest day meeting in October.

The annual Blue Star Memorial donation was approved and attention was focused on plans for the Granite City Jubilee parade to be held Aug. 21. Mrs. Richard Branding is chairman of arrangements for the latter event.

Also discussed was a visit by the club to the National Home, St. Louis on Sept. 1.

After the meeting a "white elephant" sale was held and Mrs. Branding had the comprehensive study for the day. There was an exhibit of dahlias from the garden of Mrs. Fred Orr.

The September meeting will be with Mrs. Lentz.

Open Burning Rule Criticisms Being Heard

Comments on the final draft of proposed open burning regulations will be accepted by the Illinois Pollution Control Board until Aug. 25 with final action by the board to be taken early in September.

The revised draft, completed in late July by the Environmental Protection Agency for submission to the control board, contains several new definitions and changes from the draft of March 3 which was followed by a series of public hearings.

Under the new regulations, no person shall cause or allow open burning, including refuse in any chamber or apparatus, unless designed for the purpose of disposing of the class of refuse being burned.

List Exemptions
Exemptions include open burning of agricultural and domestic wastes, but only on the premises on which such waste is generated, in areas other than restricted areas, when atmospheric conditions will readily dissipate contaminants, if it does not create a visibility hazard on roads or air fields and in the case of agricultural waste, more than 1,000 feet from residential or other populated areas.

Other exemptions include setting of fires to combat existing fires when reasonably necessary, burning of fuels for campfires, recreational and cooking purposes where burning is consistent with other laws, provided no garbage is burned; burning of waste gases, provided that in case of refiners all flames be equipped with smokeless tips or comparable devices to reduce pollution; small open flames for heating tar, welding, acetylene torches, high way safety flares and similar purposes.

Temporary Permits
Upon application to the EPA showing proposed open burning to be necessary in the public interest under conditions to

minimize emission of air contaminants and having no detrimental impact on properties or residents, the agency may grant temporary and conditional permits for open burning in the following areas:

Instruction in methods of fire fighting: the destruction of vegetation on site under circumstances in which its removal would necessitate significant environmental damage; research or management in prairie or forest ecology.

Destruction of landscape wastes: if burning shall not occur in restricted areas without the aid of an air-curtain destructor or comparable device; within 1,000 feet of residential or populated areas; or after July 1, 1972, except with the aid

of an air-curtain destructor or device.

Destroy Sludges
Destruction of oil sludges in petroleum production for safety reasons where alternative means include product recovery are impracticable; provided that when emergency conditions require, burning may be done without a permit and a report filed within 10 days.

Wastes creating a hazard of explosion, fire or other serious harm, unless authorized by other provisions of the act, with receipt of a grant of variance. The draft also proposes that it shall be the obligation of local governments, as well as the EPA, to enforce by appropriate means the prohibition in the regulations.

Levee Board Plans Loan for Payroll

A special meeting of the East Side Levee and Sanitary District board has been called for 10 a.m. Monday to authorize issuance of \$40,000 in anticipation warrants, William "Mike" Ebersoldt, newly elected president of the board, announced today.

Sale of the warrants is necessary to meet the Aug. 25 payroll which never has been in copay despite reports from some sources, Ebersoldt said. The new president, who also is city clerk of Venice, said the district is confronted with a financial crisis but that he is certain "we can hold the line" by strict economies and a severe reduction in payrolls.

"We have cut off all extra workers and are now down to our union employees with whom we have working contracts," Ebersoldt said. "These men we will attempt to keep on their jobs. There will be no more so-called superfluous workers on the levee district payroll and we are cutting operating expenses in every other possible place."

Issuance of another \$40,000 in anticipation warrants will exhaust the district's borrowing power for the current fiscal year which ends Dec. 31. While tax collections are expected to be distributed to the district by Madison and St. Clair county collectors within a matter of weeks, the first tax funds received must go toward repayment of outstanding anticipation warrants.

Stolen Minibike Found

They were Mrs. Cassie Cheatham, Mrs. Pearl Ward, Mrs. Golda Mohrmann, Mrs. Augusta Munsterman and Mrs. Opal Lodler. Mrs. Bertha Loomis, national president, presided at the sessions which began Monday.

Boys Questioned in Arson at New House

Two Pontoon Beach boys, 8 and 9, were being questioned by juvenile authorities today for allegedly setting two fires in a home under construction on Georgetown Drive in the Lakeview Estates subdivision at 8 p.m. yesterday.

Firemen, who apprehended the youths, said fires had been started in a front room closet and a rear bedroom closet. The fires were started with paper and aerosol cans which exploded when they became hot. The fire in the rear bedroom was extinguished in the closet, causing only minor damage, but the second blaze burned some of the wall studding of the new house, causing about \$500 damage.

Home Safety Tips for Working Mothers

Youngsters involved in accidental mishaps in and around the home comprise a large share of the emergency cases treated daily at the St. Elizabeth Hospital emergency room, according to hospital spokesmen.

What can a working mother do about the safety of her small children while she is away from them?

The U. S. Department of Labor now estimates that more than five million children under age six are being cared for by baby sitters while the mothers work.

Some safety measures that will help keep youngsters accident-free in mother's absence are suggested by the Council on Family Health, a non-profit organization sponsored as a public service by leading members of the drug industry.

Check Home Daily

Before leaving for work—check your home for causes of accidental poisonings. Anything you don't want children to sample should be put out of their sight and reach, including chemicals and cleaners, paints and solvents, perfumes and cosmetics, medicines, insecticides and garden sprays.

Explain to your proxy par-

ent that she is not to leave any of these things where your children may reach them—and emphasize this fact.

Attach grille guards to upstairs windows . . . and put gates at the top and bottom of stairs.

Write down the name and telephone number of your doctor, pharmacist, nearest relative, and your place of work.

Affix a first aid sheet to the inside of the medicine cabinet door and point it out to the sitter.

Impress upon her that she is never to leave the children in the house alone . . . and that a baby must be put in his crib or carried along if the sitter must answer the door or telephone.

Former Resident To Wed in June

Mr. and Mrs. R. C. Studebaker of Bethany, Okla., former Granite Cityans, are announcing the engagement of their daughter, Miss Carol Lynn Studebaker, to Lieutenant Freddie Lee Graham, U. S. Air Force. The wedding is tentatively planned for June 1972.

Miss Studebaker, a graduate of the Granite City High School, is now a senior at the University of Tulsa in Oklahoma. Her fiancé, a son of Mr. and Mrs. Fred Graham of Tulsa, is a graduate of the University of Tulsa.

The Studebaker family moved from Granite City about two years ago. Mrs. Studebaker will be remembered as Miss Margaret Lynch.

Miss Emily Young Is Betrothed

Mr. and Mrs. E. Eduardo Young of Panama City, Republic of Panama, are announcing the engagement of their daughter, Miss Emily Elizabeth Young, to David Kenneth Strotheide, a son of Mr. and Mrs. Sidney I. Strotheide, 2228 Bern Ave.

Miss Young, a graduate of Balboa High School, is employed by the American Express Co., in St. Louis and is attending Meramec Community College.

Her fiancé is an employee of Frontier Airlines in Kansas City, Mo. He graduated from the Granite City High School and Weaver Airlines School in Kansas City.

MRS. JERRY KARL FULLER, the former Miss Gwendolyn Wright, a daughter of Mr. and Mrs. Fred J. Wright, 1664 Third St., Madison, whose wedding took place July 23 at Bethel Chapel Pentecostal Church.

Gwendolyn Wright Becomes Mrs. Jerry Karl Fuller

Miss Gwendolyn Wright, daughter of Mr. and Mrs. Fred J. Wright, 1664 Third St., Madison, became the bride of Jerry Karl Fuller in a ceremony performed July 23 at Bethel Chapel Pentecostal Church.

The Rev. Kenneth Brand officiated at the 8 p.m. candlelight ceremony.

The groom is a son of Mr. and Mrs. James Fuller, 1604 Miner-va Ave.

Mrs. Don Stewart presided at the organ for the vocalists; Mr. and Mrs. Wesley Altenberger, as they sang, "Always," "As We Are Today," "Wedding Prayer" and "A Time For Us."

Mrs. Gilbert Dickey and Miss Cindy Rea were candlelighters and Mrs. Don Reynolds attended the guest book at both the wedding and reception.

The bride chose a full length gown of white Chantilly lace designed with a natural waistline, bishop sleeves, ending in points at the wrists, and a high neckline. A full cathedral train was fashioned of Chantilly lace and organza, matching the front panel of the gown.

A headpiece of white organza looped bows, entwined with white orange blossoms and embellished with pearls, secured the shoulder length veil of bridal illusion. She carried a bouquet of white carnations and baby blue roses tied with ribbons and long streamers and arranged on a white Bible.

Miss Karen Ishmael was maid of honor, serving birthday of the bride, who were bridesmaids.

They selected matching gowns of turquoise chiffon styled with Empire waists and a slightly gathered skirt enhanced with a satin band encircling the waistline. The gowns featured long sleeves, and Venice lace trim-around the neckline and bodice.

The attendants carried colonial bouquets of white carnations centered with tall blue candles and surrounded with

Eagles Auxiliary Initiates Ten

Ten new members were initiated by the ritual team of the Eagles Auxiliary at a meeting Tuesday evening at the Eagles Home on Madison Avenue. They were Mrs. Marie Moore, Mrs. Helen Murphy, Mrs. Martha Baker, Mrs. Jane Morgan, Mrs. Ann Easler, Mrs. Rosemary Meyer, Mrs. Millie Butler, Mrs. Carol Mitchell, Mrs. Bea Tharp and Mrs. Pearl Wright.

Announcement was made of the annual district picnic to be held Sunday at the VFW picnic grounds in Cottage Hills; a district meeting in Alton, Aug. 22; and the next auxiliary meeting on Aug. 24.

The latter meeting will be held one hour earlier than usual to prevent interference with the Diamond Jubilee Pageant to begin at 8:45 the same evening. A meeting of the float committee for the Jubilee parade was set for 7:30 p.m. today.

Mrs. Ann Knopp, auxiliary "mother" was escorted to the altar and presented with a gift from the group as a special song, written by Mrs. Dee Klesch, was sung.

The prize for the evening was won by Mrs. Eva Barry, and the "white elephant" went to a new member, Mrs. Butler.

Music for the ceremony was furnished by Mrs. Ruth Evans, and Mrs. Bernice Johannmeier provided the decorations.

Entertainment and refreshments followed. Those in charge were Mrs. Juanita Blevins, Mrs. Florida Batson, Mrs. Florence Hagnauer and Mrs. Angie Buehler.

Mr. and Mrs. John Fuhrman, 1848 Bremen Ave., were hosts last week at a luncheon given in their home in honor of the christening of their infant daughter, Kristina Kaye, and Sherri Lynn Fuhrman.

The infant was christened in services at St. John United Church of Christ. The Rev. Paul Surbey, pastor, officiated.

Guests attending the luncheon party were Mr. and Mrs. Richard Dimitroff, Mr. and Mrs. Leo Anthony, Mrs. Sybil Parker, Mr. and Mrs. James Fuhrman, Mr. and Mrs. Shirley and Jimmy, Mr. and Mrs. Walter Wheeler and Mrs. Harriet Fuhrman.

Nameoki Initiating Bookkeeping Changes

A revision of the bookkeeping system for Nameoki township in accord with recommendations of the township's latest audit is being made to prevent the carryover of bills from one fiscal budget to another, Douglas Teeter, town clerk, informed the town board in regular meeting Monday night.

Under the new system, all expenditures will be entered as accounts payable for the fiscal year in which it is incurred and therefore will be credited against the budget for that year, Teeter explained. He said such a change was recommended after one sizeable expenditure of the highway fund made last year was not billed until after the new budget was adopted, resulting in a reduction of the appropriation available to the highway department this year.

The board also instructed its attorney, William Schooley, to write the Illinois Terminal Railroad requesting immediate improvements in rough grade

crossings in the township area. Supervisor Louis Whitsell reported that he had received a complaint from a Pontoon Beach resident that roads in the village were not maintained. Whitsell pointed out that the township is not responsible for road maintenance in the village. Whitsell said he had arranged a meeting with Mayor Thomas Staico of Pontoon Beach and Trustee Fred Reer concerning the township's plan to aid the village in improvement of its roads, but that the meeting did not materialize because Reer failed to attend.

Progressive Events Are Happening in Vietnam

"We don't hear much from the news media about constructive things being done in Vietnam — only about the war," says Nguyen Quy Bong, former dean of instruction in the Saigon Normal School.

A native of Vietnam, Bong cited as an example the work of SIU-SW's elementary teacher and vocational training program in his country from January, 1961, to June 30, 1970.

"I find it strange that so many faculty members at SIU-SW know so little about the Vietnamese work in Vietnam," the Vietnamese educator says. "Professional people are too modest — the whole area of education needs publicity."

Bong is a visiting professor this summer in the College of Education at SIU, Carbondale, and is spending some of his time on the local campus.

"The kind of help SIU gave us will have a greater long-range effect upon my country and my people than any other materialistic support of the U. S.," Bong emphasized. "We cherish education in our 3,000 years of culture and extend our gratitude to SIU. For myself, the years working with the SIU team were the best in my 17-year teaching career."

Bong was deputy national superintendent of schools and is now a member of the National Council of Culture and Education in Vietnam.

"Before the 11-man SIU team went into operation," Bong says, "the Vietnamese elementary teacher received only nine years of training — five in elementary school, four in normal school. Today the upgraded program requires at least 15 years of training for an elementary teacher."

Elementary Education
Bong, who was the Vietnamese counterpart of SIU's educational team, says "elementary education is the basis for the whole system of national education and the key factor in the elementary school is the teacher. Under the French system of education which prevailed in our country, the elementary teacher received much less training than other teachers. That is why we called on SIU."

"Despite the hardships of working in a war-torn country, SIU faculty members helped upgrade the elementary teacher," says Bong. "That means we are now helping the grassroots people of Vietnam, who build the nation, to help themselves."

In 1962 the SIU team helped establish an in-service education center for the elementary school, with Bong as director. "It was the first effort," he says, "to upgrade the substandard teacher. The center is second only to the one in the Republic of China."

When the University team inaugurated its program in 1961, there were only two normal schools in Vietnam. Today there are five, all upgraded to two years beyond eleven years of

VIETNAMESE EDUCATOR, Nguyen Quy Bong, points to areas of constructive things happening to his country through the efforts of SIU.

education, "about equivalent to the most advanced elementary teacher training institutions in Asian countries," Bong says.

SIU helped revise the professional curriculum in Vietnam. "New professional subjects were introduced — problems of education, educational psychology and sociology," he says.

Preparing Teachers
"One of the cumulative efforts of SIU from 1964 to 1967," Bong says, "was the program preparing Vietnamese teacher educators to instruct in our normal schools, where we desperately need them."

Bong would like to see the SIU educators in Vietnam another two years. "This would be enough to realize two important goals," he explained. "First, upgrading normal schools to junior colleges, then three years of college and then four. I would like to see SIU helping

both elementary and secondary teacher education in Vietnam, in an effort to realize the idea of a college education. That makes more sense to the whole area of teacher training."

"Second," Bong says, "I would like to see all Vietnamese professionals in the field of teacher education who have had the chance to go abroad for their expertise to be fully and properly used just to replace the SIU team at the end of the two years."

"One of the key problems of a university team working overseas," he maintains, "is having professional counterparts. We need good counterparts in our country to carry on after the team has gone home."

In his country, Bong pointed out, several Vietnamese educators have baccalaureate and master's degrees but he is the only one with an American doctorate in teacher education who has ever returned to Vietnam. Graduated from Teachers College, University of Hawaii, in 1953, he received his Licence es-Lettres from the University of Saigon in 1956, and earned his master's degree in education (1960) and his doctor of education degree (1967) from George Peabody College in Nashville, Tenn.

Illinois Wesleyan U. Plans Youth Day Event

The 14th annual Illinois Wesleyan University Methodist Youth Day is expected to attract about 2,000 youths and adults from all over the state to the campus Saturday, Sept. 25.

Methodist Youth Day provides young persons, primarily of high school age, an opportunity to become acquainted with a university. For many of them, it will be their first such visit.

Immediately upon their arrival, the guests will be given a tour of the university campus and buildings, followed by lunch and a half-hour pep rally prior to a 1:30 p.m. football game.

This year Wesleyan Titans will meet the Crusaders of Valparaiso University. The Titans will week to reverse last year's 29-0 loss to the Crusaders.

Illinois Wesleyan's record last year was five wins, three losses and one tie.

Technologists to Meet

The August meeting of District 11 of the Illinois State Society of Radiologic Technologists will be held today at Maryville Park, Route 150, with Dottie Bowers, R.T., as hostess. Members are to meet at 7 p.m. and should bring a box lunch. Soft drinks will be furnished by the organization.

GYPSY ROSE LEE. Milli Hoelscher (standing second from right) plays Rose in "Gypsy," the musical based on the life of Gypsy Rose Lee, to be presented at Southern Illinois University-Southwestern Aug. 17-21. With her are seven young members of the cast, all from Granite City. Standing: Bonnie Luebert, balloon girl; Tim Garner and Dan Mendoza, news boys; Mrs. Hoelscher; Jeff Lamb, news boy. Kneeling: Bill Hurcoy and Hans Hoelscher, acrobats; and Gretchen Hoelscher, Little Bo Peep.

Milli Hoelscher in Role of 'Gypsy'

Mrs. William F. Hoelscher of Granite City, cast as Rose in the Southern Illinois University-Southwestern production of "Gypsy," says she and her husband have done community theater almost all of their lives. For the past nine years she has been in at least one musical a year.

"But this is the first time," she smiled wryly, "I have had to sing a solo. In Gypsy I do seven." Asked about the range of her voice, she laughed and said, "I don't know. I go for 'frigit'."

According to Jerome Birdman, director of the SIU-SW theater, Mrs. Hoelscher "does a good job portraying the mother of Gypsy Rose Lee. She also sings well, and while her voice is not that of a trained singer, it is powerful and interesting."

The attractive homemaker's two children also take part in Gypsy, to be presented Aug. 17-21 at 8:15 p.m. in the Communication Building theater.

Seven-year-old Hans plays an acrobat and Gretchen, Little Bo

Peep. Hans made his debut in May with the Frohardt School children's theater in "Rags to Riches." Gretchen made her first stage appearance at age three, playing the Littlest Princess with the Collinsville Maskers in "The King and I."

Not to be outdone by his mistress, "Jingle," the Hoelscher's French poodle, is also in the musical suggested by the memoirs of the late Miss Lee. "I'll carry Jingle through the scenes, so I'm not anticipating stage fright or a show of temperment from the canine member of our family," Mrs. Hoelscher said.

Hoelscher, executive director of the Manufacturing Association of the Tri-Cities, originally planned to be in the SIU-SW production, but at the last minute had to fill a vacancy in "Music Man" presented by the Granite City East Bank Players, which he and Mrs. Hoelscher organized about two years ago and Mrs. Hoelscher directs.

Daughter of Mr. and Mrs. Victor J. Barnhart of Wood

River, Mrs. Hoelscher was born in Granite City and graduated from Wood River High School. She received the B.S. degree in dance and the M.A. in theater from the University of Illinois and has taught dance at Illinois, Arkansas and Minnesota universities and at the Tri-Cities YMCA. This fall she will begin her fourth year as a teacher in Granite City at the pre-school for the culturally disadvantaged.

Price of admission for Gypsy, which features local as well as SIU-SW talent, is \$1. Advance tickets can be secured by sending checks or money orders to Gypsy, Box 72, SIU, Edwardsville 62025. Checks should be made payable to Southern Illinois University.

Reduced Budget Strikes Hard at EIU Operations

A reduced operating budget for the current fiscal year has struck Eastern Illinois University on broad and varied fronts, including staff, students and equipment.

Library support in the form of new volumes has been sharply curtailed. About \$160,000 is available for book purchases, compared to \$309,000 last year. The undergraduate student help budget has been cut by about one-half over last year, although the total amount budgeted for the benefit of students is up about \$5,000. The increase is reflected in the amount of money available allocated to graduate assistants.

Cuts in the undergraduate student help budget will sharply reduce the work force available to the university and will affect virtually every department, officials said.

No new equipment will be purchased and only worn-out or broken equipment will be replaced. Equipment maintenance contracts, paid through appropriated funds, will be eliminated.

Harley Holt, vice-president for business affairs, said some of the savings in the 1971-72 budget made by deferring maintenance and by not replacing certain items of equipment will probably cost us more in the long run," Holt said.

As previously announced, no salary increases were granted. Also, approximately 30 fewer faculty members than last year will be employed and there will be no increase in the number of Civil Service employees.

Most Civil Service positions that have become vacant in the last few weeks have not been filled.

The 1971 Fall Quarter enrollment will fall below the previously budgeted figure of 9,183. A major move to cut back the enrollment came when permits to enroll or letters of acceptance issued to about 200 juniors and senior college transfer applicants were canceled.

Reimbursements for professional travel by faculty members will no longer be made and only business travel that cannot be avoided will be reimbursable during the coming school year.

A telephone usage study by a professional firm now under way will probably result in the elimination of some communications equipment in almost all departments.

Eastern's operating budget for the current year is \$15,623,777 (exclusive of retirement funding), about \$800,000 under last year's figure.

ISU Students in France Impress French Editor

A group of 77 students from Illinois State University, studying in France this summer, have struck a blow in behalf of improved Franco-American relations, according to the newspaper in Grenoble, France, where they have been staying. The students, accompanied by their director, Dr. Patrick Tarrant, professor of French, are due to return to the United States Aug. 19. They have been in France since June 23. An editor of the French newspaper writes, "We have a pleasant memory of this fine group of young people who are having an international sojourn in a city which was the site of the Olympic Games. They have been able to convey to us in a sincere manner that Grenoble and the surrounding region have been for them a charming experience they will never forget."

Professor Voget will do research in anthropology and ethnology at the Ethnographic Museum in Munich, Germany. The Fulbright-Hays Act makes money available each year for U. S. citizens to go

abroad and to foreign nationals to come to the U. S. under academic and non-academic programs. The grant may be for university lecturing, advanced research, graduate study, and teaching in elementary and secondary schools, along with special development programs for teachers. Final selection of grant recipients is made by a Board of Foreign Scholarships, whose 12 members are appointed by the President.

GC Couple Joins Campus Crusade for Christ

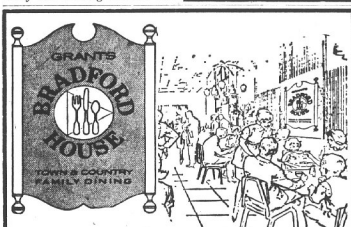

Mr. and Mrs. Terry Moore of Granite City are joining the staff of Campus Crusade for Christ International and will be working with the Athletic Field Ministry at the Campus of the University of Arkansas in Fayetteville beginning Sept. 18.

Terry, a son of Mr. and Mrs. George Moore, 1020 St. Clair Ave., and his wife Susie, daughter of the Rev. and Mrs. Lane Adams of Knoxville, Tenn. have just completed three weeks of extensive training at Arrowhead Springs, the organization's international headquarters in San Bernardino, Calif.

Campus Crusade for Christ International is an interdenominational movement of Christian students and laymen who have united to help change the world in this generation. As an evangelistic arm of the church, Campus Crusade seeks to work closely with churches of all denominations, presenting the gospel in areas of the student and adult worlds to which it may not extend.

Founded in 1951 by Bill Bright and his wife, Vonette, the organization has since been extended to hundreds of campuses in this country and in 45 foreign nations. The staff numbers about 2,500. Successes on the college campus have prompted the development of other field ministries including lay, high school, faculty, athletic and military ministries. These are undergirded by an extensive mass media division operating from the Arrowhead Springs headquarters.

As members of the Athletic Field Ministry the Moores will be sharing the claims of Christ with college and high school students, with special emphasis on athletes, and teaching these same students to turn share their faith with others. Personal evangelism and intense Bible study and sharing are the major emphasis of this ministry.

Asian Studies Program Planned at Campus Here

A three-year plan to encourage interest in the study and teaching of Asian studies has been announced for the Southern Illinois campus of Southern Illinois University.

Featured will be a series of lectures by visiting scholars from throughout the country. Prof. Gene T. Hsiao will coordinate the activities.

Emphasis during the 1971-72 academic year will be on the role of external powers in the Indo-China crisis and U. S.-China relationships.

Funds to support the extended course work will come from a federal grant from the Agency for International Development and the SIU-SW Academic Affairs office. The federal money, \$43,000 for each of the next three years, is part of an AID grant awarded to SIU-SW two years ago. The Academic Affairs office will provide \$8,900 annually.

"We are hopeful of campus wide participation," commented Dean Earl S. Beard of the Social Sciences Division. The courses offered will be a regular extension of that division's classes.

Visiting Scholars
All of the lectures by visiting scholars will be open to the public.

In addition to bringing scholars to the campus, the plans call for awarding under-graduate and graduate fellowships ranging from \$500 to \$2,500 a year, publication of a series of essays on Asia and annually spending \$10,000 from the budget for materials for addition to

the Asian Studies collection at Lovejoy Library. Annually there will be two \$1,000 awards to doctoral degree candidates from American universities whose dissertations are outstanding contributions to Asian studies as determined by a panel of three non-SIU-SW Asian scholars. One award will be granted in the name of a renowned American scholar on Asian affairs, and the other in the name of a distinguished Asian scholar to be nominated by his American counterpart. The award recipients and honored scholars will be invited to attend an award ceremony in the first week of June, 1972.

Select Applicants

Professors Arthur Stahnke, David Luan and Ching-chih Chen of SIU-SW have been appointed members of an ad hoc committee to select eligible applicants for the undergraduate and graduate assistantships.

Interested students should apply before Sept. 1 to individual members of the committee or to Professor Hsiao, coordinator.

According to Professor Hsiao, the students must indicate a serious interest in Asian studies, have definite plans to pursue a degree at the local campus and make a proposal identifying areas of personal interest in Asian studies.

Two scholars have already agreed to serve in an advisory capacity to the lecture series. They are Jerome A. Cohen, professor of law, director of East Asian Studies in the School of Law and an executive member

PROF. GENE T. HSIAO

of the East Asian Research Center at Harvard University. Also serving as an advisor will be George Ginsburgs, professor and chairman of the Department of Political Sciences at the New School of Social Research in New York. A third advisor is to be announced at a later date.

Schedule Lecturers

Visiting lecturers are now being scheduled. Dr. John Campbell will be here Monday to present a public lecture on U. S.-China relationships. That program will be at 10:30 a.m. in Peck Building, Room 3310.

Campbell is a member of the executive staff of the Social Science Research Council in New York. Following the classroom lecture, he will meet with SIU-SW administrators, faculty members and students to explain the role of the Social Science Research Council in the academic community. Those who have an interest in dealing with the Council are encouraged to participate in the informal talk, according to Hsiao.

Audio-Video System Being Installed at SIU

A random access audio-video instructional system, being installed at Illinois State University, will add a new dimension to secondary education, according to Dr. Leo E. Eastman, chairman of the ISU Department of Education.

The computer-controlled equipment is being added to the learning laboratory in Edwards Hall by the Ampex Corp., Redwood City, Calif. It arrived by truck and is being installed by Ampex technicians.

The project was funded by a direct grant of \$242,000 from the Illinois Board of Higher Education included in ISU's 1970-71 budget.

The ISU department chairman indicates that although the unit will be used at first by some 800 upperclass students in secondary education, it will gradually be made available for use by many other university departments.

JOHN A. RICHARDSON

New Book by Art Pro Published, on Sale

John Adkins Richardson, professor of art and design at Southern Illinois University-Southwestern is the author of "Modern Art and Scientific Thought," released this week by the University of Illinois Press.

Struck by the tendency of critics and historians to attest to relationships that do not really exist, Richardson seeks to expose delusions and describe actual parallels in his examination of the effect of science on art from the mid-nineteenth century to World War II.

The 210-page book contains 53 illustrations and sells for \$10. Born in Gillette, Wyo., Richardson received his doctorate from Columbia University and came to SIU-SW in 1959 from Fresno (Calif.) State College where he taught art history and art education.

The SIU-SW artist has concentrated on oil painting and copperplate engravings and, more recently, comic strip art.

Roca Club to Hold Annual Canoe Trip

The Roca Young Men's Club will hold its annual canoe trip Friday through Sunday on the Current River in Missouri.

The trip will begin at Round Spring State Park and end at Two Rivers State Park. About 16 members, advisors, past presidents and friends will attend.

At the last meeting, the club bid farewell to Tom Cardwell, a three-year member and past officer, who enlisted in the Navy and is beginning boat training at the Great Lakes Naval Training Center.

Enrolls at Dickinson

Elizabeth Bolz, Quarters 5, Granite City Army Depot, is enrolled as a freshman at Dickinson College, Carlisle, Pa., and will attend a four-day orientation beginning Sept. 4.

Notre Dame Graduate

James W. Dunn, 3336 Johnson Road, has received a degree in economics from the University of Notre Dame, university officials announced.

Registrations Scheduled For SIU-SW Fall Quarter

Some changes in the registration procedure are being introduced at Southern Illinois University-Southwestern for the fall quarter.

Registration, by appointment, will be held in the ballroom of the University Center from Aug. 16 through Aug. 28. Open registration will be held Sept. 16 and 17, also in the ballroom.

Students who register Aug. 16-Aug. 28 have until Sept. 2 to pay tuition and fees. Students registering Sept. 16 and 17 must pay fees the day of registration.

Several innovations to the registration process are being made possible by moving to the ballroom. All closed class cards will be available at the ballroom and authorized personnel, representatives of each faculty, will be available at the site to sign the closed class cards.

"There will be no need for the student to leave the ballroom area to complete the total registration process, except for payment of fees," Registrar Robert M. Bruker said.

Appointments Available

Appointments for the fall registration are now available. For students in General Studies the appointments may be secured at the General Studies Office, Room 1310 in the General Office Building. Other students will get registration appointments at the Enrollment Center, Room 1308 in the General Office Building.

When the student finishes the registration process in the ballroom, he will be asked if he wishes to pay his fees that day. If he does, the student will receive a fee statement card, along with a non-validated schedule card. The student will then go directly to the bursar's office in the General Office Building to have his account reviewed and pay fees. If the student does not plan to pay his fees that day, he will receive only an unvalidated schedule card.

According to Bursar K. R. Hacker, an "express line" for payment of fees will be tried on an experimental basis. This window will accept fees payable with checks only, pre-written for the exact amount.

He said students must pay fees by Sept. 2. They may go to the bursar's office any time following registration and before Sept. 2 to receive their fee card, pay fees, and get their schedule card validated by payment of fees.

Registrar Bruker points out that after Sept. 2 all class card packets which have not been processed will be destroyed and the student who has not completed his registration by paying his tuition and fees will have to start the process over.

Appointment registration hours begin the week of Aug. 16. On Monday through Thursday of that week, appointments will run from 8:30 a.m. to 6:30 p.m.

On Friday, August 20, there will be registration from 8:30 a.m. to 4:30 p.m.

The following week there will be appointment registration on Monday, Aug. 23, through Wednesday, Aug. 25, from 8:30 a.m. to 6:30 p.m.

Registration without appointment will be held Sept. 16 from 8:30 a.m. to 6:30 p.m., Aug. 27, from 8:30 a.m. to 4:30 p.m., and Saturday, Aug. 28, from 8:30 a.m. until noon.

There will also be registration without appointment Sept. 16 from 8:30 a.m. until 6:30 p.m. and Sept. 17 from 8:30 a.m. until 4:30 p.m.

There will be no registration for fall quarter after Sept. 17.

Tuition and fees for fall quarter are:

Illinois residents: \$67.50 for not more than 5 hours; \$129.50 for more than five and less than 11 hours; \$191.50 for 11 or more hours.

Out-of-state residents: \$182.50 for not more than 5 hours; \$320.50 for more than five and less than 11 hours; \$477.50 for 11 or more hours.

ISU to Present Lecture Series

At least nine and possibly more nationally known figures will present lectures on Illinois State University's first University Forum series starting this fall. All the programs will be free and open to everyone.

Starting the series will be Dick Gregory, famous comedian, actor and writer, who in recent years has devoted much of his time and energy to the civil rights program. He will speak Oct. 18 on "Social Problems—Social or Antisocial?"

One of the top attractions will be a debate Nov. 18 featuring Carl Stokes, mayor of Cleveland, and Sam Yorty, mayor of Los Angeles. Their subject will be "The Cities" and will launch them on a series of similar joint appearances across the country.

U. S. Rep. Patsy Mink, one of Hawaii's two representatives in the lower house of Congress and one of the handful of women in Congress will speak Feb. 21, on "The Changing Role of Women."

She will be followed March 6 by Ralph Nader, probably America's most famous and most effective critic, consumer crusader and public defender. He will discuss "Environmental Hazards—Man-Made and Man-Remedied."

Dr. Ralph Abernathy, who succeeded Dr. Martin Luther King Jr. as head of the Southern Christian Leadership Conference, is scheduled to talk on "Civil Rights and Black Power" at a forum session April 11.

Shanghai is Crowded, but Staid, Productive City

By BENEDICTO S. DAVID

Copley News Service
Shanghai, People's Republic of China—Once a city of a million pleasures, Shanghai is staid and virtuous.

"This consumer city of 10 million people has been converted into a productive city," our interpreter told us as we toured the Bund toward the Ho Ping Hotel, formerly the Sassoon House.

"There used to be all sorts of misguided elements here but they have been reeducated and now work side by side with the rest of the workers and the peasants," he said.

The blue and gray are white-clad men, women and children along Nanjing Road, the main shopping street of Shanghai gave evidence of the transformation.

The motor vehicles, the presence of hundreds of thousands of bicycles, the veil of smog over the western section of the city, the serious mien of the Shanghai Chinese—all showed that indeed this city has been converted into a producer metropolis.

Buildings Modern

Shanghai is different from Canton and Peking in that its buildings are relatively modern and European in style. It is different in that there are window displays similar to those of Hong Kong, instead of Mao Thought displays all over the place.

But the public esteem in which Chairman Mao Tse-tung is held is no less in Shanghai than anywhere else. Along the Bund there were huge portraits of Mao with his popular sayings.

The radio sets quote him and the wall newspapers praise him and condemn "the renegade, hidden traitor and scab, Liu Shao-chi."

Along with disgraced President Liu Shao-chi are lumped "American imperialism," "Japanese militarism" and "Soviet revisionism."

"The city is packed with people, but is spotless."

Smoking is popular and is not considered hazardous to health.

"That smoking produces cancer has not been proved yet," said our guide. The cigarettes are similar to American cigarettes in taste, but the packaging is more like Japanese cigarettes.

Our Canton matches looked shabby beside the Shanghai-produced ones with their huge heads of sulfur. Shanghai is undoubtedly the New York of China.

People More Friendly

The people are more friendly than in Canton, and it is easy to gather a crowd. Definitely they are not camera-shy, unlike

their comrades to the south.

There is a "monument" to the shamblers of Sino-Soviet relations in the middle of Shanghai.

There is the Shanghai Products Exhibition Hall, formerly the Sino-Soviet Friendship Building.

The Russian architecture cannot be erased but the name can be changed, as it was after the Russians decided to "try to carve up part of China along the Usuri River."

It is in the Exhibition Hall that one gets the full impact of the change of Shanghai.

There are machine tools, exquisite textiles, motor vehicles of all types, precision instruments, cameras, toys, X-ray machines, electronic equipment, medical equipment and a ton of jade beautifully carved to depict the victory of Chinese mountain climbers over Mount Everest. All of it was made in Shanghai.

A pretty 24-year-old Chinese girl explained the operation of several machine tools. She is a high school graduate and hopes to go to a university after the mandatory three-year period of work.

We were shown models of ships made in the shipyards of the city, including a dredge and a cargo liner.

In the evening, along the park beside the Whampoa River, we saw couples sitting quietly on the park benches. There was no kissing, although the couples did stay very close together beneath the trees, the dim lamp posts and a well-lit 30-foot portrait of Chairman Mao.

Everything Peaceful

Ships moved slowly along the river past the floating restaurant a couple of blocks from the Ho Ping Hotel. Everything is peaceful in Shanghai. There are no bars, no cocktail lounges, no jukeboxes, no nightclubs.

Francisco Lopez, a Filipino businessman who had visited Shanghai several times before "Liberation in 1949," waxed nostalgic.

"This is not the Shanghai I knew," he said.

We were taken to the top of the Shanghai Mansions, another hotel and formerly Broadway Mansions, to get a bird's-eye view of the city.

Along the busy Szechuan Creek where trains of barges moved the goods from the factories to the ships we were shown the park where "during the concession era, the period of the colonialists," there used to be a sign, "No Dogs and Chinese Allowed."

No one in Shanghai can forget, or is allowed to forget that unforgettable sign. Today, Chinese families stop there for a cool few minutes. But there are no dogs, for such pets are not allowed.

Indeed, during our tour of three cities and 1,500 miles of countryside, we did not see a single dog. Dogs eat meat and meat is precious.

Everything Expensive

Consumer goods are relatively more expensive in Shanghai. At the Friendship Store on the Bund, canned fried chicken cost about 80 cents and a bottle of catsup about 48 cents.

Rentals in Shanghai only cost each family about 5 per cent of their total income.

The many communes on the outskirts of the city supply everyone with all the vegetables needed, as do the communes that surround every industrial city in China.

Shanghai is no longer the jewel of the Orient. It can be

SANTA MARIA BOUND. Nineteen children in the child care program at Venice-Lincoln Technical Center board a bus to visit the Santa Maria as guests of Fox Industries in Madison. Standing next to the bus, left to right, are chaperones Cedric Gardner, John Schodroski, Linda Green, Susan Stern and Stanley Lynch.

Archeological Sites Recorded by SIU Team

More than 150 "new" archaeological sites have been recorded this summer in Massac and Pope counties by a survey team from Southern Illinois University's Museum, according to Frank Rackerby, curator of North American archaeology.

Most of these are sites of archaic occupation that have been known to residents of the respective areas but have not been recorded previously, he said.

Rackerby is directing the two-county survey under a \$5,025 grant from the Illinois Historic Sites Survey, which is compiling an inventory of little known buildings, sites and structures that are important in archaeology, past or recent history, and architecture. Those of national importance will be recommended for inclusion in the National Register of Historic Places, under the National Historic Preservation Act of 1966. Others may be designated of statewide or local significance.

Rackerby stressed that the SIU team is working closely with local residents who are familiar with the terrain and its features.

The team is composed of Walter Briscoke of DeSoto, graduate student in anthropology, his wife, Susan, and Ron Pulcher of Ava, undergraduate student in anthropology.

American Motors Earns \$7.2 Million in Quarters

American Motors Corporation has reported net earnings of \$7.2 million, or 28 cents a share, for the third quarter of the 1971 fiscal year ended June 30. This compares with a net loss of \$14.1 million, or 57 cents a share, in the same 1970 period.

For the nine months ended June 30, AM's net earnings of \$8.3 million, or 32 cents a share, compared with a net loss of \$39.5 million, or \$1.62 a share, the previous year, in which results were adversely affected by a five-week strike during the first quarter in the company's passenger car operations. Brewer Motor Co. is the Granite City dealer for American Motors products.

compared to a Trappist monastery — with the exception of the presence of Chinese wines and liquor.

We're doing something to clear the air.

We breathe the same air as you breathe. And we've really been working to improve it. Since 1960, on the average, we've reduced carbon monoxide emissions from our engines by about two-thirds. Hydrocarbons have been cut a full 80%. And all our engines now run efficiently on the new low-lead or no-lead gasolines. In fact, if all cars on the road had the emission controls of the new Chevrolets and if all industries made similar strides, we'd be breathing air as fresh as it was in 1960.

And buckle both seat and shoulder belts. That's an idea you can live with.

'The Who' to Present Final MRF Concert

The Who is coming to the Mississippi River Festival Monday at 8:30 p.m.

The rock group, which first captured the rock musical world of England and now claim the same hold over the United States and other countries, will present the final concert for the 1971 MRF season.

This is the rock group that performed the first rock opera, "Tommy," which was written by one of the members, Peter Dinklage (lead guitarist). Other members of the band include Roger Daltrey (lead singer), Keith Moon (drummer), and John Entwistle (bass guitarist).

All had little intention of becoming musicians and about the only thing they had in common when they met was that they grew up in roughly the same part of London — the area known as Shepherd's Bush.

It was in 1964 that their recording of "I Can't Explain" broke into the British Top 10. From that time they gained audiences and popularity.

When Townshend's rock opera "Tommy" was released it took only ten days for the recording to sell a million copies.

The group later performed the opera live at the Metropolitan Opera House in New York City, and Life magazine wrote of that performance, "there was no gimmick in their music. Of all rock groups, The Who has delved the deepest into the rock essence."

Performing with The Who at the Mississippi River Festival Monday, will be the soul-rock group, "Labelle." The group is made up of three female singers and a combo, with Patty Labelle as the lead singer. Miss Labelle formerly was with the group, Patty Labelle and the Bluebelles.

Reserved seating has been sold out for the 8:30 p.m. concert, but lawn seating is still available at \$2 per person.

GARAGE SALE

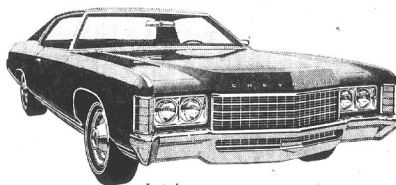

If we have it in stock, you get it on sale.

One of the nice things about a garage sale is that everything is a bargain. Well, your Chevrolet

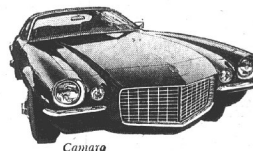

dealer's Garage Sale is no exception. Except at this Garage Sale, every bargain is brand new. Because right now your Chevy dealer is busy cleaning out his entire inventory of '71 models to make room for the '72s. That's why now is an especially good time to save. Plus, you'll have an especially good selection of new Chevrolets

to choose from. Everything from Impala (America's most popular car) to Chevelle (America's favorite mid-size car) to Camaro (America's sportiest 4-seater).

So stop by your Chevy dealer's now, while his Garage Sale is going on. Chances are he's got the Chevrolet that's just right for you. At a price that's just right, too.

Engine Vent Systems Installed in Vehicles

Engine vent systems, designed to reduce pollution caused by automobile exhausts, have been installed on an experimental basis on three Southern Illinois University-Southwestern security office vehicles.

Harry Lutz, director of auxiliary services, said the performance of the three units will be studied to see whether or not the system should be used in additional university vehicles.

Tow Truck Hits Canopy

The boom of a tow truck going in reverse struck an overhead canopy at the Dog-N-Suds Drive-In, 2220 Pontoon Road, damaging two light fixtures, at 5:20 p.m. Monday. The driver left the scene without reporting the incident.

Big Shockwaves from Report On Judge Kerner's Finances

By KEN WATSON
Copley News Service

Springfield—The Statehouse is rarely shocked or surprised. Cynicism about politics, government and those who participate in them runs deep. Illinois has a long history of scandal in high places and the still unfolding Paul Powell affair has left about everyone emotionally exhausted.

Nevertheless, there has been a sharp current of stunned amazement with the disclosures that former Gov. Otto Kerner bought and sold some racetrack shares while in office.

Kerner, now a United States Court of Appeals Judge, has maintained silence on the revelations, but there seems little doubt that he is under investigation by the Internal Revenue Service.

Denied reports are that the federal investigators have found that Kerner purchased 25 shares of stock in Chicago Thorobred Enterprises Inc., at \$1,000 a share in 1966 and sold them 10 months later for \$6,000 a share.

A key point at issue is whether Kerner's profit should be considered for income tax purposes as capital gains or as ordinary income. If held as capital gains, he would pay a far smaller amount in income tax than otherwise.

At the Statehouse it is considered unlikely that Kerner will ever have to face any charges as a result of the transaction. The income tax payment itself, it is felt, will probably be settled comparatively quietly out of court.

Nor, it is believed, is there any strong likelihood that Kerner will have to resign his federal judgeship, which pays him about \$40,000 a year and has provision for retirement at full pay. He will be 63 years old next Sunday.

But what has shocked the Statehouse is that Kerner became involved in the racetrack situation at all. It is an amazing deviation from character.

Whatever critics ever said about his performance as governor, Kerner was held in high respect and enjoyed a personal popularity unmatched by any Illinois governor since Henry Horner.

In Illinois, he was revered about the same as was President Eisenhower on the national level.

Why, it is asked, did he do it?

The amount of financial gain involved, reportedly a bout \$125,000, although not substantial, is still far from impressive by Statehouse standards. Kerner while governor continued to live comparatively modestly. He has always been considered as fairly well off.

The prevailing Statehouse belief is that Kerner may have taken some bad advice from some close friends with connections with the racing interests.

Puzzling, however, is why Kerner who was always such a stickler for appearances in the conduct of his office, would become involved in an industry so carefully supervised by the state.

Those who knew him as governor would have expected him to brashly reject any such proposition or suggestion. It is difficult to picture anyone who knew him well presuming to even make such a proposal.

It is possible that further investigations and court proceedings will shed further light on the issue.

Kerner's many Springfield friends have hopes that, in the end, his full stature will be restored.

In a long era when Illinois politics and state government have been clouded in cynicism, Otto Kerner has stood forth as a shining exception. But now even this light has dimmed until and unless he speaks out.

Lower State Contributions For Retirement Challenged

by JOAN MURARO
Copley News Service

Springfield—The Illinois State Employees Union has given official notice to the board of trustees of the state employees' retirement system that the union will take legal action if necessary to have rescinded two recent directives, each of which lowered the state's contribution to the system.

In a letter to Howard C. Reeder, chairman of the board of trustees, Lawrence R. Reinold, director of the union, protested two recent directives, each of which lowered the state's contribution to the retirement fund. The first reduction was made in a memo, effective July 1, from Norman E. Lenz, secretary of the retirement system, ordering employer contributions to the fund to be reduced from 6.4% to 5.56% of base pay. On July 14, a second memo was issued, by John W. McCarter, further reducing the contributions from 5.54% to 4.6% of base pay, effective July 16.

Says Authority Lacking
Reinold maintains that neither Lenz nor McCarter have authority to make such reductions.

He stated that "the proposed 1.9% reduction constitutes a diminishment and impairment of the benefits."

Seek Voluntary Remedy
In his letter, Reinold says the union has been informed by its attorney that legal action can be taken against the state to have the reductions rescinded. But he urged the board to take action without the necessity of such legal proceedings.

The next meeting of the board of trustees has been set for Aug. 13, when Reinold said he will be present "to represent the interests of those affected by the unauthorized reduction."

He concluded, "I trust that, at that time, the proper lines of authority will be set forth and that all unauthorized directives will be rescinded."

(Illinois) Metro-East Industrial Development Corporation Gov. and Mrs. Richard B. Ogilvie have accepted an invitation to attend the 15th Mississippi River Festival concert, the evening has been designated as "Governor's Night at the Festival."

The Illinois governor will be a guest of the SIU Board of Trustees at the concert featuring the St. Louis Symphony Orchestra with guest conductor Andre Kostelanetz. The Aug. 15 performance will be the first of the symphony for the 1971 MRF season.

An agreement for development of a new arroseweld sewer disposal system in the vicinity of Granite Woods and Oakley in the Chouteau and Granite City areas has been approved by Randolph County. The agreement was approved July 30 in meetings of the board of directors of the special sewer committee of the Madison County Board of Supervisors.

In an effort to facilitate expansion of the city to the south and west, Edwardsville officials have agreed to transfer to the sewer and finance committees two proposals for a major interceptor sewer project and two smaller sewer proposals, drawn up by Jerry F. Lavelle, city public works director, are estimated to cost \$395,000.

Randolph County has been included in the Southwest Missouri Regional Urban Area Planning Commission under a bill signed by Gov. Ogilvie.

SIMAPAC has established two offices in its newest major project, the Daniel Pautler Building in Waterloo and another in the Evansville city hall. Regional offices in Dallas and Thompson will spend two days per week in each of the new offices.

A contract for construction of a Federal Office and U. S. Courthouse Building in Waterloo described as a spark toward redeveloping the downtown business district has been awarded to the R & R Construction Co. of Alton. Construction is expected to begin within two weeks.

Several area projects will require the use of the Waterloo and Evansville offices.

Alton-Wood River area men. The corporation will eventually have 15 distributors throughout the U. S., but will be based in Alton and Wood River.

Officers of the new corporation are Richard A. Johnson and De Loyce McKay. Johnson is president and an Etten of Rosewood Heights.

Laclede Steel Co. earned \$500,000 in the first six months of 1971. In the same period last year, Laclede lost \$507,653.

Clark Oil and Refining Corp. reported a six-month income of \$1,000,000 for the first half of 1971, with \$4,918,102 for the corresponding period last year.

Springfield — The pieces are being put together on a package uniting the state's transportation and public safety administration into a new Department of Transportation.

The plan to create the department was given at the recent legislative session, and was approved by Gov. William Celline, Public Works officials and aides to Gov. Richard B. Ogilvie are drawing up the details.

The latter division would take over truck weighing and inspecting now done by the state's Department of Transportation garages now under the state's Department of Transportation, state inspection of public safety training schools now done by the Commerce Commission and the Department of Public Safety, the state school superintendent.

It also would include Public Works, safety responsibility and the Department of Public Safety's truck and train permit operations.

Although the new depart-

airports. "The reason for establishing the department is to provide one-stop service for all modes of transportation into a complete, balanced system," Collins says.

"That's where the real need is. All the various agencies now have to be called on to solve their own problems."

"In a time of crisis you can't afford the luxury of several agencies, each with its own staff, with none giving the kind of service the public demands."

Under present plans, most of the state's water resources, two divisions, highways and waterways, would remain in the Department of Conservation.

It's expected that water resources planning, a non-transportation connected section, will be transferred to the department of another state agency, possibly the Department of Conservation or the Department of Health.

Steps already are being taken to consolidate planning for highways.

In connection with an executive order, the state's 10 highway districts are being reorganized into five regions for planning purposes.

Highway Districts 1 and 10 will be the first two consolidated. Five surrounding counties have been consolidated into a single region not only for planning but also for highway construction operations and a maintenance.

Within the districts will be paired for planning but kept separate for other purposes, says Collins. "Centralization," Collins said.

"Otherwise, the areas would be too small to handle."

Collins is optimistic the new department will save taxes by consolidating the agencies by reducing personnel through consolidations.

Reports Bomb Threat

The Rev. Leroy Henry, 85, Grenzer Homes, told police at 11:30 p.m. Monday that a caller informed him that his apartment would be bombed one hour later. The apartment was searched but no bomb was found. Madison police and the FBI are investigating the incident.

Former Howlett Aide Sees Backing in Madison County

By JERRY OWENS
Copley News Service

Springfield — Ray Reischl of Belleville, retired executive assistant to State Auditor Michael Howlett, is actively seeking support for Howlett for the Democratic gubernatorial endorsement.

Reischl, who claims he wouldn't need or want a job if he were helping the auditor "only because he is my friend and I want to help him all I can."

Though he is retired and off the state payroll, he continues to work contractually for Howlett on a part-time basis, particularly during legislative sessions.

Reischl reports Howlett has strong support in populous Madison County (Alton-Granite City-Edwardsville-Collinsville) and St. Clair County (Belleville-East St. Louis).

Supported by Fields

Former East St. Louis Mayor Alvin Fields, who is still Democratic state committeeman in the 24th Congressional District, supported Howlett in his unsuccessful bid for the 1968 gubernatorial endorsement and is for him again this time, Reischl says.

Howlett's chief rival for the endorsement, Lt. Gov. Paul Simon of Troy in Madison County, also has considerable support in the two counties.

In the 1968 election, when Simon ran for lieutenant governor and Howlett for Howlett for auditor, Simon won Madison County by a plurality of 26,674 votes compared to Howlett's 10,039, and Simon won St. Clair.

Miss Sainte-Marie In MRF Return On Friday Night

by 23,583 while Howlett won by 18,166.

St. Clair County Democratic Chairman Dan Ring says he is "uncommitted" and plans to remain so until slatemaking time.

But Madison County Chairman Walter "Buck" Simmons, Simon's chairman, says: "I'm a Simon man and I'm sure he would be stronger in both counties. We would like to see a Madison County man be the next governor."

"Taking a dodge for the time being is State Sen. Sam Vadialabene, D-Edwardsville, who is a close friend of both Simon and Howlett.

Vadialabene would find it exasperating to pick between the two, for he succeeded Simon in the Senate and formerly worked for Howlett. And both Simon and Howlett went out on limbs and supported him in crucial primaries.

So Sam, with a preface about how both men are "outstanding public servants" and fine governor potentials, says he is "uncommitted."

Youngsters Hold Carnival As Dystrophy Benefit

A total of \$27.68 was received from 55 children who attended a neighborhood carnival for the benefit of muscular dystrophy victims, given by Lisa Kee in the back yard of her home at 2566 Ivy Lane.

Lisa, 10, is the daughter of Mr. and Mrs. Denny Kee. She served as ringmaster at the carnival, which featured games and a comic book stall. All proceeds were mailed to the St. Louis Chapter for Muscular Dystrophy.

Sedatives Taken from CD Emergency Supplies

After checking emergency supplies at a Granite City plant, Harold Mayfield, Granite City Civil Defense director, reported to police that 13 bottles of phenobarbital tablets had been stolen since the CD medical kits were placed there about two years ago.

The bottles were removed from two different types of emergency medical supply kits, Mayfield said.

Rev. Covington Back From Writers School

The Rev. Vernon D. Covington, pastor of Emmanuel Baptist Church, 1800 Pontoon Road, has returned from Minneapolis, Minn., where he attended the ninth annual School of Christian Writers held Aug. 2-4 at the headquarters of the Billy Graham Evangelistic Association. The school was under the sponsorship of "Decision" magazine, the official publication of the Billy Graham organization.

The Rev. Covington received his invitation to participate as a result of an article submitted to the magazine. The article, dealing with the problem of drug abuse, was entitled "I Was John's Addiction."

A total of 254 participants attended the school, representing nearly every state, including

Hawaii, and also England, Canada and the Philippines. The participants were screened from a total of 1,500 who made application for the three-day school. Also present in the school were several editors, from publications as diverse as "Reader's Digest" and "Moody Monthly." Several publishing houses also were represented.

Those taking part were guests of the Billy Graham Association at a banquet Aug. 3. Tedd Smith, pianist for the Billy Graham team, entertained and the Dwight L. Moody Award for writing excellence was presented. Peter Gilquist, author and former participant, was the speaker.

Dr. Sherwood E. Wirt, editor of Decision Magazine, directed the school.

Gas Customers to Receive Refunds

Gas customers here will receive a small but welcome surprise on a future gas bill as refunds amounting to about three or four cents per customer will be credited to each account, Ross Thompson, commercial office supervisor for Illinois Power Co., has announced.

The company raised its rates

in anticipation of a \$10.6-million increase in wholesale gas rates of the Mississippi River Transmission Corp., supplier for the company. The Federal Power Commission approved an increase of only about \$5-million. The company will refund the difference between the anticipated cost increase and the increase granted the supplier by the FPC.

Governor and Citizens 'Burned Up' About Reinstatement of Personal Property Taxes

By GOV. RICHARD B. OGILVIE

The hottest day in summer isn't as hot as some of the mail I've been receiving.

If words would burn paper, most of the letters would be charred before they reached me.

The writers themselves are burned up at the decision of the Illinois Supreme Court requiring collection of the personal property tax on corporations and individuals.

I am burned up, too. And I'm glad that Bill Scott, our attorney general, will be appealing that decision to the United States Supreme Court if the state court fails to reverse itself.

He will have all the support from me that I can give him.

Let there be no doubt about my position—the tax on individuals is an abomination which leads to uneven enforcement, personal inconvenience, and severe hardship for persons like farmers.

Some letter writers somehow have discovered a general conspiracy "by the politicians" to seek a statewide referendum to knock out the tax when they "knew" the court would hold the peoples' vote null and void.

All I can say to that is that I, too, was shocked at the decision.

That decision, in essence, held that the overwhelming vote of the people last November abolishing the tax on individuals conflicted with the United States constitution.

One unfortunate effect has

been to discourage many citizens from going to the polls.

They ask: "What's the use of voting if our votes don't count?"

Frankly, I would find it easy to be as disgusted as the next man at the present situation.

In fact, my first reaction to the state court decision was one of astonishment and frustration.

Now I can't predict that the decision will be reversed, because predicting how any court will rule is a risky proposition.

But outstanding constitutional lawyers are convinced that there are ample grounds to uphold the vote of the people.

I hope they are right. But if they are not, we will have to find a different way, through new legislation, to get rid of the tax on individuals.

I am preparing a plan to do this if it becomes necessary.

It's time now to take a factual look at the situation, and how it affects our taxpayers.

First, most individual taxpayers still get a break by being allowed an exemption from taxes on one automobile and one household of furniture.

This exemption, which was not challenged, effectively removes from the personal property tax rolls more than four-fifths of all Illinois individuals.

Unfortunately, it does not help farmers, who are already hard hit in many ways—mostly in the pocketbook.

Second—and this is important—the state government does not get one penny from the personal property tax. Every cent

goes to branches of your local government.

It is strange, therefore, that some of the most angry citizens are some kind of "plot" in the events which were climaxed in the state court's ruling.

Some even accuse me of somehow influencing the court (which just happens to have a majority of Democrats).

If I were to undertake to influence anyone, it would most certainly be in the direction of knocking out this hated tax.

As I've said many times before, the tax is a relic. And the only way it gets collected at all is by a mass evasion of the truth.

According to the law, for example, you must report the money you have in your savings account.

If you did so, the tax would exceed the interest paid you by the bank, and you would suffer a dead loss for the year.

This is so ridiculous that assessors long ago adopted a "rule" that you report only a small fraction of your actual bank balance.

Other "rules" have in practice reduced the application of the tax to an absurdity.

I think we must—somehow—get rid of the tax on individuals.

But until we do, the exemption benefiting most individuals is still in force.

Meanwhile, I have my fingers crossed. I think the decision should be reversed.

Births, Deaths Show Decrease This Year

Births and deaths during the first seven months of the year are slightly below the totals during the same period of 1970, but fetal deaths during the period increased from six for the seven-month period last year to ten this far this year, according to a vital statistics report by City Clerk Robert Stevens.

A total of 689 births was recorded here through July 31 as compared with 731 in the same period last year. In July, 107 births were noted, the same number as in June and slightly less than the 119 births in July 1970.

Deaths in July totaled 38, slightly less than the 44 reported the previous month, but one more than the 37 reported in July 1970.

Fetal deaths last month increased to three, the highest number since Sept. 1969 when the total also was three. In June, one fetal death was reported here, the same as in July 1970.

NICKY CRUZ, former leader of New York's most dangerous gang known as the Mau Mau, talks to two local teenagers, Pam Zeller and Vince Saputo, at Keil auditorium in St. Louis where Cruz spoke to more than 3,600 people. The book and movie, "The Cross and the Switch Blade," are based on Cruz's Christian conversion. A television documentary on his life will be presented nationwide in early fall and a movie on his life currently is being filmed in Hollywood. His appearance in St. Louis was sponsored by the Turning Point Evangelistic Association.

July Meter Revenue Brings City \$4,212

Parking meter collections during July totaled \$4,212, slightly above June collections of \$3,931, according to a report by Robert Stevens, city clerk.

Meter fees totaled \$3,090 and fines totaled \$1,162. Collections in both categories exceeded June receipts of \$2,950 in fees and \$81 in fines.

The total collected during the first seven months of the year is \$27,389, the highest since 1968 when \$29,197 was collected in the period. In the same period of 1970, fines and fees totaled \$25,991.

With meters operating 26 days in July, the average daily collection was \$162, the second highest of the year. In May the daily average was \$212, the highest thus far in 1971. In June, an average of \$131 per day was collected.

QUESTION?

Who sells the most cars in Europe?

Is it Toyota?

Is it Volkswagen?

Is it Volvo?

Is it MG?

No it is FIAT.

In Europe where they've been buying small cars for three generations, they buy more Fiats than anything else. There must be a reason!

MAX RABINOVITS

Kostelanetz, Rabinovitsj On MRF Program Sunday

At the Mississippi River Festival Sunday Andre Kostelanetz will be the guest conductor with the St. Louis Symphony Orchestra. Max Rabinovitsj, violinist and concertmaster for the Orchestra, will be guest soloist. Concert time is 7:30 p.m. at the MRF site on the Southwestern campus of Southern Illinois University.

Rabinovitsj, will appear as solo violinist in Sarasate's popular Zigeunerweisen. Other

music will include Berlioz's "Roman Carnival Overture," Tchaikovsky's "Romeo and Juliet Overture," and Glazunov's "The Seasons."

Kostelanetz, who inaugurated the New York Philharmonic's "Promenades" Concerts at Philharmonic Hall in 1963, has been associated with the orchestra for the past 15 years. In addition he has appeared as guest conductor with the orchestras of Philadelphia, San Francisco, Los Angeles, Houston, Minneapolis and other cities in this country and Canada as well as throughout Europe.

Funeral Rites Held For John Williams, 87

Funeral services were conducted at 10 a.m. today for John "Jack" Williams, 87, at a local funeral home. He died Monday at the Sunrise Nursing Home, Hardin, Ill.

He was born in St. Louis and resided in Granite City for the past 40 years.

Mr. Williams retired one week ago after 30 years employment as a watchman for the East Side Levee and Sanitary district.

Survivors include a daughter-in-law, Mrs. Thelma Gillis; a grandson, John Williams, and a granddaughter, Mrs. Vivian Forshee; two great-grandchildren and four great-great-grandchildren.

Details are given in today's obituary column.

Kostelanetz also has been responsible for the commissioning of works by leading composers including Aaron Copland, William Schuman, Virgil Thompson's musical portraits of Mayor La Guardia and Dorothy Thompson. Kostelanetz has introduced pops music to many, and most recently conducted the Archibald MacLeish-Ezra Laderman "Magic Prison."

Volunteered Services

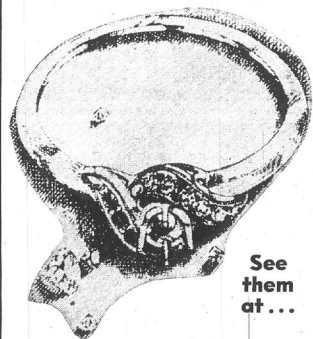

During world War II, he volunteered his services to train and conduct GI orchestras in Europe and in Orient.

Max Rabinovitsj has been concertmaster for the St. Louis Symphony Orchestra since 1965. He has received many credits for his talent as a violinist. He won the Grand Prix of Brussels twice and has been concertmaster for the Santa Fe Opera Company and Ottawa Philharmonic.
